

Ficha de grupo de investigación

NUTRICION Y METABOLISMO INFANTIL

Código: CTS187

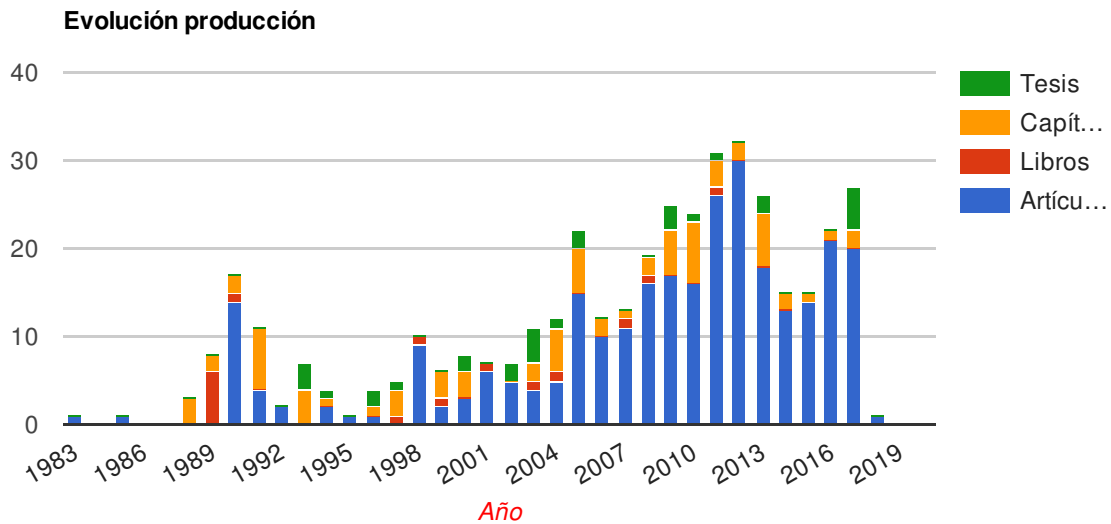

Responsable del grupo: CRISTINA CAMPOY FOLGOSO

Miembros

- CRISTINA CAMPOY FOLGOSO Profesor titular de universidad Tiempo completo
- MARÍA DEL PILAR BRANDI BLANCO
- ELENA CARMEN MARTÍN BAUTISTA Otros
- MARIA VICTORIA ESCOLANO MARGARIT Otros médicos especialistas Tiempo completo
- LUZ MARÍA GARCÍA VALDÉS Otros
- TANIA GOMES ANJOS Químico Tiempo completo
- MARIA MERCEDES GARCÍA BERMÚDEZ Otros profesionales de la salud Completa
- JOSÉ PABLO MARTÍNEZ BARBERO Otros médicos especialistas
- CRUZ ERIKA GARCÍA RODRÍGUEZ Investigador/a Tiempo completo
- DANIEL CAMPOS CONSUEGRA

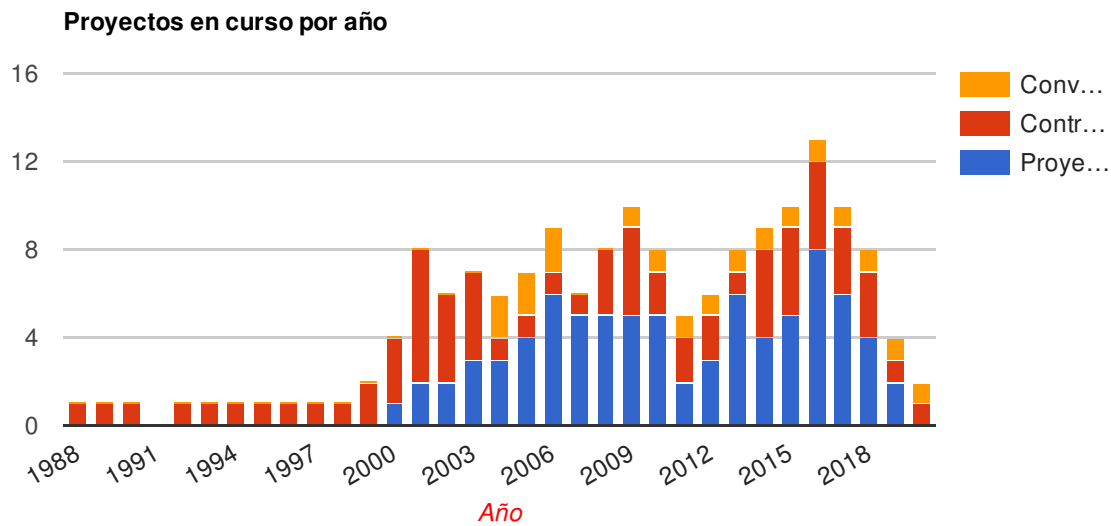

Producción 479

- Artículos (346)
- Libros (16)
- Capítulos de Libros (86)
- Tesis dirigidas (31)

Proyectos dirigidos 39

- Proyectos (20)
- Contratos (15)
- Convenios (4)

Actividades 26

Título publicación	Fuente	Tipo	Fecha
Young child formula: a position paper by the espghan committee on nutrition.	Journal of pediatric gastroenterology and nutrition	Articulo	2018
A new fructose-free, resistant-starch type iv-enriched enteral formula improves glycemic control and cardiovascular risk biomarkers when administered for six weeks to elderly diabetic patients	Nutrición hospitalaria	Articulo	2017
Aspectos bioéticos de la investigación, marketing y publicidad de los alimentos para niños y adolescentes	Departamento de pediatría. facultad de medicina. universidad de granada.	Tesis doctoral	2017
Ateromatosis subclínica y otros factores de riesgo cardiovascular en pacientes con psoriasis	Universidad de granada, fac medicina, dpto. pediatría	Tesis doctoral	2017
Association of maternal weight with fads and elovl genetic variants and fatty acid levels- the preobe follow-up.	Plosone	Articulo	2017
Association of telomere length with il-6 levels during an obesity treatment in adolescents: interaction with the-174g/c polymorphism in the il-6 gene	Pediatric obesity	Articulo	2017
Complementary feeding: a position paper by the european society for paediatric gastroenterology, hepatology, and nutrition (espghan) committee on nutrition.	Journal of pediatric gastroenterology and nutrition	Articulo	2017
Cultural effects on neurodevelopmental testing in children from six european countries: an analysis of nutrimenthe global database.	British journal of nutrition	Articulo	2017
Efectos de la obesidad y la diabetes materna durante la gestación sobre el neurodesarrollo de los hijos	Universidad de granada. facultad de medicina	Tesis doctoral	2017
Fatty acid status and antioxidant defence system in mothers and their newborns after salmon intake during late pregnancy	Nutrition	Articulo	2017
Fatty acid status and antioxidant defense system in mothers and their newborns after salmon intake during late pregnancy	Nutrition	Articulo	2017
Human gut microbiota and obesity during development.	Adiposity - omics and molecular understanding	Capítulo de libro	2017
Importance of mental performance in parental choice of food for children aged 4-10 years: a study in four european countries.	Public health nutrition	Articulo	2017
Long-term effects of dha and/or 5-mthf supplementation in pregnant women on their offspring's fatty acids status, neurodevelopment and behavior.	Universidad de granada. facultad de medicina. departamento de pediatría.	Tesis doctoral	2017
Maternal bmi and gestational diabetes alter placental lipid transporters and fatty acid composition.	Placenta	Articulo	2017
Maternal pre-pregnancy obesity is associated with altered placental transcriptome.	Plos one	Articulo	2017
Maternal obesity is associated with gut microbial metabolic potential in offspring during infancy	Journal of physiology and biochemistry	Articulo	2017
Nutrition and the developing brain	Swaiman's pediatric neurology: principles and practice, 6e	Capítulo de libro	2017
On the relationship between head circumference, brain size, prenatal long-chain pufa/5-methyltetrahydrofolate supplementation and cognitive abilities during childhood	British journal of nutrition	Articulo	2017
On the relationship between head circumference, brain size, prenatal long-chain pufa/5-methyltetrahydrofolate supplementation and cognitive abilities during childhood.	British journal of nutrition	Articulo	2017
One-year calorie restriction impacts gut microbial composition but not its metabolic performance in obese adolescents.	Environmental microbiology	Articulo	2017

Percepción de padres y profesores sobre los efectos de la dieta en el desarrollo mental de los niños - parents¿ and teachers¿ perceptions of the effects of diet on children¿s mental performance	Departamento de pediatria. facultad de medicina. universidad de granada.	Tesis doctoral	2017
Physical fitness and shapes of subcortical brain structures in children.	British journal of nutrition	Articulo	2017
Probiotic, prebiotic, and brain development.	Nutrients	Articulo	2017
Response to letter: how much free sugars intake should be recommended for children younger than two years old?	Journal of pediatric gastroenterology and nutrition	Articulo	2017
Sugar in infants, children and adolescents: a position paper of the european society for paediatric gastroenterology, hepatology and nutrition committee on nutrition.	Journal of pediatric gastroenterology and nutrition	Articulo	2017
Systematic review on n-3 and n-6 polyunsaturated fatty acid intake in european countries in light of the current recommendations - focus on specific population groups.	Annals of nutrition and metabolism	Articulo	2017
The impacts of maternal iron deficiency and being overweight during pregnancy on neurodevelopment of the offspring.	British journal of nutrition	Articulo	2017
++++an exercise-based randomized controlled trial on brain, cognition, physical health and mental health in overweight/obese children (activebrains project): rationale, design and methods.	Contemporary clinical trials	Articulo	2016
An exercise-based randomized controlled trial on brain, cognition, physical health and mental health in overweight/obese children (activebrains project): rationale, design and methods.	Contemporary clinical trials	Articulo	2016
Analysis of food advertising to children on spanish television: probing exposure to television marketing	Archives of medical science	Articulo	2016
Bases moleculares de la programación metabólica fetal.	Tratado de nutrición clínica (3ª edición).	Capítulo de libro	2016
Behavioral predictors of attrition in adolescents participating in a multidisciplinary obesity treatment program: evasyon study.	International journal of obesity	Articulo	2016
Changes in plasma fatty acid composition are associated with improvements in obesity and related metabolic disorders: a therapeutic approach to overweight adolescents.	Clinical nutrition	Articulo	2016
Clinical imaging of tumor metabolism with 1h magnetic resonance spectroscopy	Magnetic resonance imaging clinics of north america	Articulo	2016
Consequences of maternal bmi and gestational diabetes for placental lipid transport and storage		Articulo	2016
Cow¿s milk allergy: towards an update of dracma guidelines	The world allergy organization journal	Articulo	2016
Cow¿s milk allergy: towards an update of dracma guidelines.	The world allergy organization journal	Articulo	2016
Dietary epicatechin is available to breastfed infants through human breast milk in the form of host and microbial metabolites	Journal of agricultural and food chemistry	Articulo	2016
Espghan committee on nutrition position paper. intravenous lipid emulsions and risk of hepatotoxicity in infants and children: a systematic review and meta-analysis	Journal of pediatric gastroenterology and nutrition	Articulo	2016
Espghan committee on nutrition position paper. intravenous lipid emulsions and risk of hepatotoxicity in infants and children: a systematic review and meta-analysis.	Journal of pediatric gastroenterology and nutrition	Articulo	2016
Fish consumption in mid-childhoo	Clinical nutrition	Articulo	2016
Fish consumption in mid-childhood and its relationship to neurodevelopmental outcomes measured in 7-9 year old	Clinical nutrition	Articulo	2016

neuropsychological outcomes measured in 7-9 year old children using a nutrimenthe neuropsychological battery.	Clinical nutrition	Articulo	2016
Folate and long-chain polyunsaturated fatty acid supplementation during pregnancy has long-term effects on the attention system of 8.5-y-old offspring: a randomized controlled trial.	The american journal of clinical nutrition	Articulo	2016
Maternal body weight and gestational diabetes differentially influence placental and pregnancy outcomes.	Journal of clinical endocrinology & metabolism	Articulo	2016
Maternal, fetal and perinatal alterations associated with obesity, overweight and gestational diabetes a baseline report from the preobe-study	Bmc public health	Articulo	2016
Maternal, fetal and perinatal alterations associated with obesity, overweight and gestational diabetes: an observational cohort study (preobe)	Bmc public health	Articulo	2016
Prevention of vitamin k deficiency bleeding in newborn infants: a position paper by the espghan committee on nutrition	Journal of pediatric gastroenterology and nutrition	Articulo	2016
Role of microbiota function during early life on child¿s neurodevelopment	Trends in food science & technology	Articulo	2016
The effect of diet on the physical and mental development of children: views of parents and teachers in four european countries.	British journal of nutrition	Articulo	2016
Anthropometric indices to assess body-fat changes during a multidisciplinary obesity treatment in adolescents: evasyon study.	Clinical nutrition	Articulo	2015
Arsenic in rice - a cause for concern. a comment by the espghan committee on nutrition.	Journal of pediatric gastroenterology and nutrition	Articulo	2015
Body composition changes during a multidisciplinary treatment programme in overweight adolescents: evasyon study.	Nutrici3n hospitalaria	Articulo	2015
Effects of obesity and gestational diabetes mellitus on placental phospholipids.	Diabetes research and clinical practice	Articulo	2015
Effects of prenatal fish oil and folic acid supplementation on infant psychomotor and mental development: results from nuheal randomized controlled trial	Journal of pregnancy and child health	Articulo	2015
Estado del neurodesarrollo en ni1os nacidos de madres con sobrepeso, obesidad y diabetes gestacional, durante los primeros 18 meses de vida.	Encuentros en neurociencias (iii). enfermedades neurodegenerativas, psiquiátricas y dolor: aspectos moleculares, genéticos y clínicos.	Capítulo de libro	2015
Evaluation of less invasive methods to assess fatty acids from phospholipid fraction: cheek cell and capillary blood sampling.	International journal of food sciences and nutrition	Articulo	2015
Lack of association between jak3 gene polymorphisms and cardiovascular disease in spanish patients with rheumatoid arthritis	Biomed research international	Articulo	2015
Maternal diabetes and cognitive performance in the offspring: a systematic review and meta-analysis.	Plos one	Articulo	2015
Maternal pparg pro12ala polymorphism is associated with infant¿s neurodevelopmental outcomes at 18 months of age	Early human development: an international journal concerned with the continuity of fetal and postnatal life	Articulo	2015
Maternal body weight and gestational diabetes differentially influence placental and pregnancy outcomes	Journal of clinical endocrinology & metabolism	Articulo	2015
Maternal obesity, overweight and gestational diabetes affect the offspring neurodevelopment at 6 and 18 months of age. a	Plos one	Articulo	2015

follow up from the preobe cohort			
Protective role of the interleukin 33 rs3939286 gene polymorphism in the development of subclinical atherosclerosis in rheumatoid arthritis patients	Plos one	Articulo	2015
Relation between plasma antioxidant vitamin levels, adiposity and cardio-metabolic profile in adolescents: effects of a multidisciplinary obesity programme.	Clinical nutrition	Articulo	2015
The impact of maternal obesity on iron status, placental transferrin receptor expression and hepcidin expression in human pregnancy	International journal of obesity	Articulo	2015
Brain radiation-related black dots on susceptibility-weighted imaging	The neuroradiology journal	Articulo	2014
Breastfeeding and cognitive development; interference evaluation by "5 digits test";	Nutrición hospitalaria	Articulo	2014
Common variants in genes related to lipid and energy metabolism are associated with weight loss after an intervention in overweight/obese adolescents.	Nutrición hospitalaria	Articulo	2014
Comparison of childhood size and dietary differences at age 4 years between three european countries.	European journal of clinical nutrition	Articulo	2014
Current information and asian perspectives on long-chain polyunsaturated fatty acids in pregnancy, lactation, and infancy: systematic review and practice recommendations from an early nutrition academy workshop.	Annals of nutrition and metabolism	Articulo	2014
Folate and female infertility: folate-metabolising pathway in folliculogenesis, infertility treatment, and implantation	Diet and nutrition in the menstrual cycle, conception and fertility	Capítulo de libro	2014
Functional imaging in oncology	Functional imaging in oncology	Capítulo de libro	2014
Interferon regulator factor 5 genetic variants are associated with cardiovascular disease in patients with rheumatoid arthritis.	Arthritis research & therapy	Articulo	2014
Iron requirements of infants and toddlers.	Journal of pediatric gastroenterology and nutrition	Articulo	2014
Lack of association between abo, ppap2b, adamst7, pik3cg, ednra and carotid intima-media thickness, carotid plaques and cardiovascular disease in patients with rheumatoid arthritis	Mediators of inflammation	Articulo	2014
Nutrición materna y sus implicaciones en la adiposidad infantil	Revista salud bosque	Articulo	2014
Osteoprotegerin cga haplotype protection against cerebrovascular complications in anti-ccp negative patients with rheumatoid arthritis	Plos one	Articulo	2014
Telomere length as a biomarker for adiposity changes after a multidisciplinary intervention in overweight/obese adolescents: the evasyon study	Plos one	Articulo	2014
Trends in early growth indices in the first 24 months of life in uruguay over the past decade.	Journal of health, population and nutrition	Articulo	2014
Views of parents in four european countries about the effect of food on the mental performance of primary school children.	European journal of clinical nutrition	Articulo	2014
Card8 rs2043211 (p. c10x) polymorphism is not associated with disease susceptibility or cardiovascular events in spanish rheumatoid arthritis patients	Dna and cell biology	Articulo	2013
Dieta en niños con trastornos de la deglución	Pediatría en ciencias de la salud	Capítulo de libro	2013
Dietética y realimentación en el niño malnutrido	Pediatría en ciencias de la salud	Capítulo de libro	2013
Differential dna methylation patterns between high and low			

Differential and methylation patterns between high and low responders to a weight loss intervention in overweight or obese adolescents: the evasyon study.	The faseb journal	Articulo	2013
Diseño de dietas para niños con necesidades especiales	Pediatría en ciencias de la salud	Capítulo de libro	2013
Donor human milk for preterm infants: current evidence and research directions.	Journal of pediatric gastroenterology and nutrition	Articulo	2013
Effects of fish oil supplementation on the fatty acid profile in erythrocyte membrane and plasma phospholipids of pregnant women and their offspring: a randomised controlled trial.	British journal of nutrition	Articulo	2013
Functional consequences of microbial shifts in the human gastrointestinal tract linked to antibiotic treatment and obesity.	Gut microbes	Articulo	2013
Health effects of infant feeding: information for parents in leaflets and magazines in five european countries.	Public understanding of science	Articulo	2013
La alimentación y nutrición en las distintas etapas de la infancia	Pediatría en ciencias de la salud	Capítulo de libro	2013
Melatonin induces browning of inguinal white adipose tissue in zucker diabetic fatty rats	Journal of pineal research	Articulo	2013
Metabolic alterations induced by high maternal bmi and gestational diabetes in maternal, placental and neonatal outcomes	Universidad de nottingham	Tesis doctoral	2013
Microbiota from the distal guts of lean and obese adolescents exhibit partial functional redundancy besides clear differences in community structure.	Environmental microbiology	Articulo	2013
Molecular recognition modes between adenine or adeninium(1+) ion and binary mii(pdc) chelates (m = co - zn; pdc = pyridine-2,6-dicarboxylate(2-) ion)	Journal of inorganic biochemistry	Articulo	2013
Molecular recognition modes between adenine or adeninium(1+) ion and binary mii(pdc) chelates (m = co - zn; pdc = pyridine-2,6-dicarboxylate(2-) ion)	Journal of inorganic biochemistry	Articulo	2013
Nutrition and neurodevelopment in children: focus on nutrimenthe project	European journal of nutrition	Articulo	2013
Postprandial glucose, insulin and gastrointestinal hormones in healthy and diabetic subjects fed a fructose-free and resistant starch type iv-enriched enteral formula	European journal of nutrition	Articulo	2013
Programación neonatal de las enfermedades del adulto	Pediatría en ciencias de la salud	Capítulo de libro	2013
Smad3 rs17228212 gene polymorphism is associated with reduced risk to cerebrovascular accidents and subclinical atherosclerosis in anti-ccp negative spanish rheumatoid arthritis patients	Plos one	Articulo	2013
Snps at the 9p21.3 genomic region are not associated with the risk of cardiovascular disease in patients with rheumatoid arthritis	Tissue antigens	Articulo	2013
Stunting, overweight and child development impairment go hand in hand as key problems of early infancy: uruguayan case	Universidad de granada	Tesis doctoral	2013
The 11q23.3 genomic region - rs964184- is associated with cardiovascular disease in patients with rheumatoid arthritis	Tissue antigens	Articulo	2013
The zc3hc1 rs11556924 polymorphism is associated with increased carotid intima-media thickness in patients with rheumatoid arthritis	Arthritis research and therapy	Articulo	2013
Valoración del estado nutricional en pediatría	Pediatría en ciencias de la salud	Capítulo de libro	2013
	Journal of pediatric		

Vitamin d in the healthy european paediatric population.	Journal of pediatric gastroenterology and nutrition	Articulo	2013
World health organization 2006 child growth standards and 2007 growth reference charts: a discussion paper by the committee on nutrition of the european society for pediatric gastroenterology, hepatology, and nutrition.	Journal of pediatric gastroenterology and nutrition	Articulo	2013
++++omega 3 fatty acids on child growth, visual acuity and neurodevelopment	British journal of nutrition	Articulo	2012
A qualitative interview study on effects of diet on children's mental state and performance. evaluation of perceptions, attitudes and beliefs of parents in four european countries.	Appetite	Articulo	2012
Analysis of the interferon gamma (rs2430561, +874t/a) functional gene variant in relation to the presence of cardiovascular events in rheumatoid arthritis	Plos one	Articulo	2012
Association study of irak-m and sigirr genes with sle in a large european-descent population	Lupus	Articulo	2012
Association study of mia3 rs17465637 polymorphism with cardiovascular disease in rheumatoid arthritis patients	Dna and cell biology	Articulo	2012
Bmi predicts emotion-driven impulsivity and cognitive inflexibility in adolescents with excess weight	Obesity	Articulo	2012
Critical periods for the development of obesity	Childhood obesity	Capítulo de libro	2012
Does consumption of two portions of salmon per week enhance the antioxidant defense system in pregnant women?	Antioxidants and redox signaling.	Articulo	2012
Design of the nutritional therapy for overweight and obese spanish adolescents conducted by registered dieticians: the evasyon study.	Nutrición hospitalaria	Articulo	2012
Documentation of functional and clinical effects of infant nutrition: setting the scene for comment. consensus group on outcome measures made in paediatric enteral nutrition clinical trials.	Annals of nutrition and metabolism	Articulo	2012
Effects of a multicomponent behavioral intervention on impulsivity and cognitive deficits in adolescents with excess weight	Behavioural pharmacology	Articulo	2012
Espghan's 2008 recommendation for early introduction of complementary foods: how good is the evidence?	Maternal and child nutrition	Articulo	2012
Expected and unconventional ag+ binding modes in heteronuclear pt,ag coordination polymers derived from trans-[pt(methylamine)2(pyrazole)2]2+	European journal of inorganic chemistry	Articulo	2012
Effects of a multicomponent behavioral intervention on impulsivity and cognitive deficits in adolescents with excess weight	Behavioural pharmacology	Articulo	2012
Genetic markers of cardiovascular disease in rheumatoid arthritis	Mediators of inflammation	Articulo	2012
Influence of mhciita rs3087456 and rs4774 polymorphisms in the susceptibility to cardiovascular disease of patients with rheumatoid arthritis	Clinical and experimental rheumatology	Articulo	2012
Isotype 1-d polymers of cobalt(ii) or zinc(ii) constructed with square-planar tetra-metal(2+) units and the bis-zwitterionic form of the mu2-o,o'-trans-1,4-dihydrogen-cyclohexanediaminotetraacetate(2-) ligand.	Polyhedron	Articulo	2012
Impact of pregnancy nutrition on cognition	The 112th abbott nutrition research conference	Capítulo de libro	2012
Influences on infant feeding decisions of first-time mothers in	European journal of clinical	Articulo	2012

five european countries.	nutrition	Articulo	2012
Lack of association between cxcl12 rs501120 polymorphism and cardiovascular disease in spanish patients with rheumatoid arthritis	Human immunology	Articulo	2012
Metal ion binding modes of hypoxanthine and xanthine versus the versatile behaviour of adenine	Coordination chemistry reviews	Articulo	2012
Metal ion binding modes of hypoxanthine and xanthine versus the versatile behaviour of adenine	Coordination chemistry reviews	Articulo	2012
Nfkb1-94attg ins/del polymorphism (rs28362491) is associated with cardiovascular disease in patients with rheumatoid arthritis.	Atherosclerosis	Articulo	2012
No association of tlr4 rs4986790 polymorphism and risk of cv events in ra patients	Dna and cell biology	Articulo	2012
Obesity susceptibility loci on body mass index and weight loss in spanish adolescents after a lifestyle intervention.	Journal of pediatrics	Articulo	2012
Omega 3 fatty acids on child growth, visual acuity and neurodevelopment.	British journal of nutrition	Articulo	2012
Plasma inflammatory and vascular homeostasis biomarkers increase during human pregnancy but are not affected by oily fish intake		Articulo	2012
Re: espghan's 2008 recommendation for early introduction of complementary foods: how good is the evidence? (cattaneo et al. 2011).	Maternal and child nutrition	Articulo	2012
Study of association of msra rs10903323 polymorphism with cardiovascular disease in patients with rheumatoid arthritis	Scandinavian journal of rheumatology	Articulo	2012
Study of association of cd40-cd154 gene polymorphisms with disease susceptibility and cardiovascular risk in spanish rheumatoid arthritis patients	Plos one	Articulo	2012
Stunting, overweight and child development impairment go hand in hand as key problems of early infancy: uruguayan case	Early human development: an international journal concerned with the continuity of fetal and postnatal life	Articulo	2012
The 1p13.3 genomic region -rs599839- is associated with endothelial dysfunction in patients with rheumatoid arthritis.	Arthritis research and therapy	Articulo	2012
A nutritional intervention study with hydrolyzed collagen in pre-pubertal spanish children: influence on bone modeling biomarkers.	Journal of pediatric endocrinology and metabolism	Articulo	2011
Alimentación complementaria del lactante	Tratado de pediatría	Capítulo de libro	2011
Analysis of the influence of the ghrelin receptor rs509035, rs512692 and rs2922126 polymorphisms in the risk of cardiovascular disease in patients with rheumatoid arthritis	Clinical and experimental rheumatology	Articulo	2011
Ccr5delta32 variant and cardiovascular disease in patients with rheumatoid arthritis: a cohorts study	Arthritis research & therapy	Articulo	2011
Chelating ligand conformation driving the hypoxanthine metal binding patterns.	Inorganic chemistry	Articulo	2011
Coordination of two different metal ions as reason for n-chirality in mu-amide complexes	Dalton transactions	Articulo	2011
Changes in cardiometabolic risk factors, appetite-controlling hormones and cytokines after a treatment program in overweight adolescents: preliminary findings from the evasyon study.	Pediatric diabetes	Articulo	2011
Does increased intake of salmon increase markers of oxidative stress in pregnant women? the salmon in pregnancy	Antioxidants and redox signaling.	Articulo	2011

study			
Description of the long-term effects of breast feeding in the hungarian guidelines for infant nutrition.	Orvosi hetilap	Articulo	2011
Developmental origins of health and disease: the views of first-time mothers in 5 european countries on the importance of nutritional influences in the first year of life.	The american journal of clinical nutrition	Articulo	2011
Effects of prenatal fish oil and s-methyltetrahydrofolate supplementation on cognitive development of children at 6 ¿ years of age.	The american journal of clinical nutrition	Articulo	2011
Effects of prenatal fish-oil and 5-methyltetrahydrofolate supplementation on cognitive development of children at 6.5 y of age.	The american journal of clinical nutrition	Articulo	2011
Genetic and biochemical markers in relation to iron transport in obese and diabetics pregnant women	Universidad de granada	Libros	2011
Inverse association between trans isomeric and long-chain polyunsaturated fatty acids in pregnant women and their newborns: data from three european countries.	Annals of nutrition and metabolism	Articulo	2011
Lack of association between adipoq rs266729 and adipoq rs1501299 polymorphisms and cardiovascular disease in rheumatoid arthritis patients	Tissue antigens	Articulo	2011
Lack of association between lep rs2167270 (19g>a) polymorphism and disease susceptibility and cardiovascular disease in patients with rheumatoid arthritis	Clinical and experimental rheumatology	Articulo	2011
Lack of association between retn rs1862513 polymorphism and cardiovascular disease in rheumatoid arthritis patients	Clinical and experimental rheumatology	Articulo	2011
Lack of association between the il6 gene and cardiovascular disease in spanish patients with rheumatoid arthritis	Atherosclerosis	Articulo	2011
Lack of association of il6r and il6st genes and cardiovascular disease in patients with rheumatoid arthritis	Tissue antigens	Articulo	2011
Lack of association of nampt rs9770242 and rs59744560 polymorphisms with disease susceptibility and cardiovascular risk in patients with rheumatoid arthritis	Clinical and experimental rheumatology	Articulo	2011
Lactancia artificial y mixta	Tratado de pediatría	Capítulo de libro	2011
Marcadores genéticos y bioquímicos en relación al transporte de hierro en embarazadas obesas y diabéticas genetic and biochemical markers in relation to iron transport in obese and diabetics pregnant women.	Universidad de granada. facultad de medicina. pediatría	Tesis doctoral	2011
Metal ion binding patterns of acyclovir: molecular recognition between this antiviral agent and copper(ii) chelates with iminodiacetate or glycyglycinate.	Journal of inorganic biochemistry	Articulo	2011
No evidence of association of klf12 gene with rheumatoid arthritis in spanish and dutch cohorts and meta-analysis of published data	Human immunology	Articulo	2011
Prenatal dha status and neurological outcome in children at age 5.5 years are positively associated1 ¿4.	The journal of nutrition. american society for nutrition.	Articulo	2011
Prenatal dha status and neurological outcome in children at age 5.5 years are positively associated.	The journal of nutrition	Articulo	2011
Programming effect of breast-feeding in infant nutrition policy documents in hungary.	Orvosi hetilap	Articulo	2011
The salmon in pregnancy study: study design, subject characteristics, maternal fish and marine n-3 fatty acid intake, and marine n-3 fatty acid status in maternal and umbilical cord blood	The american journal of clinical nutrition	Articulo	2011

Three dimensional mixed-ligand coordination polymeres with ferromagnetically coupled cyclic tetranuclear copper(ii) units bonded by weak interactions.	Crystal growth and design	Articulo	2011
Toma de decisiones en adolescentes con exceso de peso: análisis preliminares	Encuentros en neurociencias . ed. jiménez díaz y navarro lópez j.d. granada	Capítulo de libro	2011
Vascular endothelial growth factor a and cardiovascular disease in rheumatoid arthritis patients	Tissue antigens	Articulo	2011
Actualizacion, recomendaciones y consenso sobre el papel de los acidos grasos poliinsaturados de cadena larga en la gestacion, lactancia y primer ano de vida	Medicina clínica	Articulo	2010
Alimentación complementaria del lactante	Tratado de pediatría	Capítulo de libro	2010
Analysis of long term effects of fish oil and 5-mthf supplementation to pregnant women on neurological outcome of their offspring: the nuheal trial	The journal of international medical research	Articulo	2010
Analysis of nutritional intake at 4 years of age in a prospective cohort: the nuheal study	Journal of pediatric gastroenterology and nutrition	Articulo	2010
Exchange transfusion as a possible therapy for neonatal hemochromatosis	Journal of pediatric gastroenterology and nutrition	Articulo	2010
Effects of fish oil and/or 5-methyltetrahydrofolate supplementation during pregnancy on materno-fetal fatty acid profile and neurological development of the children: the nuheal follow-up study	Universidad de granada. facultad de medicina	Tesis doctoral	2010
Gene expression in the term placenta: effect of maternal bmi and glucose tolerance on uncoupling protein 2 (ucp-2), toll-like receptor 4 (tlr-4) and dna methyltransferase-1 (dnmt-1)	The journal of maternal-fetal & neonatal medicine	Articulo	2010
Gut microbiota composition is associated with body weight, weight gain and biochemical parameters in pregnant women.	British journal of nutrition	Articulo	2010
Improvement of bone formation biomarkers after 1-year consumption with milk fortified with eicosapentaenoic acid, docosahexaenoic acid, oleic acid, and selected vitamins.	Nutrition research	Articulo	2010
Influence of maternal bmi and gestational diabetes on mtor and pparg gene expression in the term placenta	Journal of pediatric gastroenterology and nutrition	Articulo	2010
Influence of pre-pregnancy body mass index on biochemical and immune markers throughout the pregnant period.	Obesity	Articulo	2010
Introducción de la alimentación complementaria	Guía práctica de la alimentación infantil	Capítulo de libro	2010
Influence of fish oil or folate supplementation on the time course of plasma redox markers during pregnancy.	British journal of nutrition	Articulo	2010
Lactancia artificial y mixta	Tratado de nutricion (2ª edicion)	Capítulo de libro	2010
Lactancia natural	Tratado de nutricion (2ª edicion)	Capítulo de libro	2010
Lifetime health outcomes of breast-feeding: a comparison of the policy documents of five european countries.	Public health nutrition	Articulo	2010
Lactancia natural	Tratado de pediatría	Capítulo de libro	2010
Nutricion durante la gestacion y la lactancia	Tratado de nutricion (2ª edicion)	Capítulo de libro	2010
Nutrición durante la gestación y la lactancia	Tratado de nutrición	Capítulo de libro	2010
Prenatal exposure to mirex impairs neurodevelopment at age	Neurotoxicology	Articulo	2010

or 4 years.			
Relationships between gut microbiota, body weight, weight gain, and biochemical parameters in pregnant woman	The journal of maternal-fetal & neonatal medicine	Articulo	2010
Selective alterations within executive functions in adolescents with excess weight.	Obesity	Articulo	2010
The effect of diet on children's mental performance ¿ a qualitative study of perceptions, attitudes and beliefs of parents in four european countries	Journal of pediatric gastroenterology and nutrition	Articulo	2010
Update of knowledge, recommendations and full consensus about the role of long chain polyunsaturated fatty acids in pregnancy, lactating period and first year of life.asociación española de pediatría. sociedad española de ginecología y obstetricia. s	Medicina clínica	Articulo	2010
Analisis de la repercusion de la ingesta dietetica durante la lactancia sobre la composicion de vitaminas a y e y ácidos grasos de la leche humana	Universidad de granada. pediatría	Tesis doctoral	2009
Children's exposure to environmental contaminants in granada and potential health effects		Tesis doctoral	2009
Critical periods for obesity development.	Obesity in children	Capítulo de libro	2009
Current use of room disinfectants and allergic symptoms at the age of 4 years.	Journal of allergy and clinical immunology	Articulo	2009
Design and evaluation of a treatment programme for spanish adolescents with overweight and obesity. the evasyon study	Bmc public health	Articulo	2009
Electropolymerization studies on a series of thiophene-substituted 1,3-dithiole-2-ones: solid-state preparation of a novel ttf-derivatized polythiophene	Macromolecules	Articulo	2009
Estudio del neurodesarrollo hasta los 4 años de edad de una poblacion de niños cuyas madres han sido suplementadas con dha durante la segunda mitad de la gestación	Universidad de granada	Tesis doctoral	2009
Expanding the ph range of metal-nucleobase complexes for acid-base chemistry:properties of bis(guanine) complexes of (bpy)pt(ii) with either two major or major and minor tautomers bonded simultaneously	Inorganic chemistry	Articulo	2009
Educación nutricional en la etapa preconcepcional, embarazo y lactancia.	Desarrollo y publicación del plan plenufar 2009-2010: iv plan de educación nutricional al farmacéutico.	Capítulo de libro	2009
Gut microbiota and weight gain in overweight and normal weight pregnant women	Journal of pediatric gastroenterology and nutrition	Articulo	2009
Infant feeding and the concept of early nutrition programming: a comparision of qualitative data from four european countries	Early nutrition programming and health outcomes in later life: obesity and beyond.	Capítulo de libro	2009
Infant feeding and the concept of early nutrition programming: a comparison of qualitative data from four european countries	Advances in experimental medicine and biology	Articulo	2009
Infant feeding and the concept of early nutrition programming: a comparison of qualitative data from four european countries.	Advances in experimental medicine and biology	Articulo	2009
Interplay between weight loss and gut microbiota composition in overweight adolescents.	Obesity	Articulo	2009
Maternal obesity during pregnancy: present and future mechanisms and consequences for the offspring	Investigación en nutrición y alimentación en pediatría	Articulo	2009
Modificación de ácidos grasos de cadena larga en los fosfolípidos del plasma materno - fetal tras la suplementación dietética durante el embarazo.	Actualidad médica	Articulo	2009

Obesity related programming statements in infant feeding policies in five european countries	Early nutrition programming and health outcomes in later life: obesity and beyond.	Capítulo de libro	2009
Obesity related programming statements in materials on infant feeding aimed at parents in five european countries	Advances in experimental medicine and biology	Articulo	2009
Obesity related programming statements in materials on infant feeding aimed at parents in five european countries	Early nutrition programming and health outcomes in later life: obesity and beyond.	Capítulo de libro	2009
Obesity related programming statements in infant feeding policies in five european countries.	Advances in experimental medicine and biology	Articulo	2009
Obesity related programming statements in materials on infant feeding aimed at parents in five european countries.	Advances in experimental medicine and biology	Articulo	2009
Registro de hepatotoxicidad por fármacos o productos de parafarmacia en niños. resultados preliminares	Revista española de pediatría	Articulo	2009
Relation between bmi and folic acid plasma levels, lipid profile and lymphocyte subsets at 24 weeks of gestation	Journal of pediatric gastroenterology and nutrition	Articulo	2009
Shifts in clostridia, bacteroides and immunoglobulin-coating fecal bacteria associated with weight loss in obese adolescents.	International journal of obesity	Articulo	2009
Trans isomeric and lcpufa are inversely correlated in erythrocyte membrane lipids at mid-gestation.	Advances in experimental medicine and biology	Articulo	2009
A family with atypical cystic fibrosis: brother and sister with heterozygosity for both g542x and r117h.	Pediatric and developmental pathology	Articulo	2008
Decreased cord blood il-4, il-13, and ccr4 and increased tgfbeta levels after fish oil supplementation of pregnant women	Journal of allergy and clinical immunology	Articulo	2008
Decreased cord blood il-4, il-13, and ccr4 and increased tgfbeta levels after fish oil supplementation of pregnant women.	Journal of allergy and clinical immunology	Articulo	2008
Demonstrating early nutrition programming in human and animal models		Libros	2008
Dietary intake of natural sources of docosahexaenoic acid and folate in pregnant women of three european cohorts.	Annals of nutrition and metabolism	Articulo	2008
Estudio de la influencia de la nutrición y genética maternas sobre la programación del desarrollo del tejido adiposo fetal (estudio preobe)	Nutrición hospitalaria	Articulo	2008
Estudio de la influencia de la nutrición y genética maternas sobre la programación del desarrollo del tejido adiposo fetal (estudio preobe)	Nutrición hospitalaria	Articulo	2008
Gut microbes and obesity in adolescents	Proceedings of the nutrition society	Articulo	2008
Interligand interactions involved in the molecular recognition between copper(ii) complexes and adenine or related purines	Coordination chemistry reviews	Articulo	2008
Nickel dithiolenes containing pendant thiophene units: precursors to dithiolene¿polythiophene hybrid materials	Journal of materials chemistry	Articulo	2008
Non-isotype crystals of 2,6-diaminopurinium(1+) salts with bis(pyridine-2,6-dicarboxylate) metal(ii) anion (m = co or cu).	9th european biological inorganic chemistry conference- eurobic9 (proceedings)	Capítulo de libro	2008
Oligomolecular ternary cu(ii) complexes with bridging mu-n6,n7- or mu-n7,n9-(2,6-diaminopurine).	9th european biological inorganic chemistry conference- eurobic9 (proceedings)	Capítulo de libro	2008
Organochlorine pesticide exposure in children living in southern spain.	Environmental research	Articulo	2008
Oxidative stress status in liver mitochondria and lymphocyte dna damage of atherosclerotic rabbits supplemented with	Biofactors	Articulo	2008

water soluble coenzyme q10.			
Predicción del desarrollo mental a los 20 meses de edad por medio de la evaluación del desarrollo psicomotor a los seis meses de vida en niños sanos	Salud mental	Artículo	2008
Study of maternal nutrition and genetic on the foetal adiposity programming (the preobe study)	Nutrición hospitalaria	Artículo	2008
The combat against childhood obesity in the european union	Agro food industry hi-tech (testo stampato)	Artículo	2008
The development of a membrane-covered microelectrode array gas sensor for oxygen and carbon dioxide measurement	Sensors and actuators b: chemical	Artículo	2008
The roles of long-chain polyunsaturated fatty acids in pregnancy, lactation and infancy: review of current knowledge and consensus recommendations	Journal of perinatal medicine	Artículo	2008
A redetermination of (n9-adenine-kn)_aqua[glycylglycinato](2-)-k3n,n',o]copper(ii)	Acta crystallographica. section e	Artículo	2007
A structural study of the ida-like chelating ligand conformation in n-(1-adamantyl)-iminodiacetate(2-) copper(ii) complexes	Zeitschrift für anorganische und allgemeine chemie	Artículo	2007
Biomonitoring of environmental estrogens in human samples	International journal of hygiene and environmental health	Artículo	2007
Cis-[n-(4-chlorobenzyl)iminodiacetato-k3 n,o,o?]bis-(1h-imidazole-kn 3)copper(ii)	Acta crystallographica. section e	Artículo	2007
Docosahexaenoic acid supplementation during pregnancy: effect on umbilical cord blood interleukin-13 expression and on allergic outcomes in the offspring.	British journal of nutrition	Artículo	2007
Effects of fish-oil and folate supplementation of pregnant women on maternal and fetal plasma concentrations of docosahexaenoic acid and eicosapentaenoic acid: a european randomized multicenter trial	The american journal of clinical nutrition	Artículo	2007
Electrochemical and spectroelectrochemical studies on thiophene derivatives	University of wales press	Libros	2007
Entorno y desarrollo	Pediatría atención primaria	Artículo	2007
Estudio descriptivo sobre la exposición a mirex y el desarrollo cognitivo a los 4 años	Revista española de neurología	Artículo	2007
Effects of fish-oil and folate supplementation of pregnant women on maternal and fetal plasma concentrations of docosahexaenoic acid and eicosapentaenoic acid: a european randomized multicenter trial.	The american journal of clinical nutrition	Artículo	2007
Importancia de los ácidos grasos poliinsaturados durante la gestación.	Obstetricia y medicina materno-fetal	Capítulo de libro	2007
Maternal age-related differential global expression profiles observed in human oocytes	Reproductive biomedicine online	Artículo	2007
Role of the mothers nutrition and genetic on the foetal adiposity programming (the preobe study)	Nutrición hospitalaria	Artículo	2007
Association between levels of toll-like receptors 2 and 4 and cd14 mrna and allergy in pregnant women and their offspring	Clinical immunology	Artículo	2006
Consulta prenatal y primera visita al recién nacido normal	Pediatría integral	Artículo	2006
Comparision of essential fatty acid status among german, hungarian and spanish women at mid-gestation.	Early nutrition and its later consequences: new opportunities. perinatal programming of adult health	Capítulo de libro	2006
Docosahexaenoic acid supply in pregnancy affects placental expression of fatty acid transport proteins	The american journal of clinical nutrition	Artículo	2006
Docosahexaenoic acid supply in pregnancy affects placental	The american journal of clinical	Artículo	2006

expression of fatty acid transport proteins.	nutrition		
Effect of docosahexaenoic acid and eicosapentaenoic acid supplementation on oxidative stress levels during pregnancy	Free radical research	Articulo	2006
Effect of n-3 polyunsaturated fatty acid supplementation in pregnancy: the nuheal trial	Early nutrition and its later consequences: new opportunities. perinatal programming of adult health	Capítulo de libro	2006
Influence of dietary source of docosahexaenoic and arachidonic acids on their incorporation into membrane phospholipids of red blood cells in term infants	Prostaglandins, leukotrienes and essential fatty acids	Articulo	2006
Intoxicaciones por productos del hogar	Pediatría integral	Articulo	2006
Organochlorine pesticides in serum and adipose tissue of pregnant women in southern Spain giving birth by cesarean section	Science of the total environment	Articulo	2006
Síndrome febril sin focalidad	Pediatría integral	Articulo	2006
The effect of docosahexaenoic acid and folic acid supplementation on placental apoptosis and proliferation	British journal of nutrition	Articulo	2006
Administration of hydroxytyrosol, a phenolic antioxidant present in olive oil, improves blood lipids, antioxidant status and reduces the development of atherosclerosis in hyperlipemic rabbits	Atherosclerosis	Articulo	2005
Association of abnormal morphology and altered gene expression in human preimplantation embryos	Fertility and sterility	Articulo	2005
Comparison of essential fatty acid status among German, Hungarian and Spanish women at mid-gestation	Advances in experimental medicine and biology	Articulo	2005
Cow's milk introduction in Spanish infant	Early nutrition and its later consequences: new opportunities. perinatal programming of adult health ¿ec supported research.	Capítulo de libro	2005
Efectos cardiovasculares de los ácidos grasos omega-3 y alternativas para incrementar su ingesta	Nutrición hospitalaria	Articulo	2005
Effect of n-3 polyunsaturated fatty acid supplementation in pregnancy: the nuheal trial.	Advances in experimental medicine and biology	Articulo	2005
Expression of genes regulating chromosome segregation, the cell cycle and apoptosis during human preimplantation development	Human reproduction	Articulo	2005
Habitos alimentarios de los lactantes españoles y chilenos	Universidad de Barcelona. nutrición y bromatología	Tesis doctoral	2005
Infant formulae feeding pattern and weaning introduction in Spanish infants	Early nutrition and its later consequences: new opportunities. perinatal programming of adult health ¿ec supported research.	Capítulo de libro	2005
Inverse association between trans isomeric and long-chain polyunsaturated fatty acids in erythrocyte membrane lipids in expecting women	Early nutrition and its later consequences: new opportunities. perinatal programming of adult health ¿ec supported research.	Capítulo de libro	2005
Inverse association between trans isomeric and long-chain polyunsaturated fatty acids in erythrocyte membrane lipids in pregnant women	Advances in experimental medicine and biology	Articulo	2005
Lipid composition in human breast milk from Granada (Spain): changes during lactation	Nutrition	Articulo	2005
Mixed-ligand complexes with 2,6-pyridinedicarboxylato(2-) and 4,7-diphenyl-1,10-phenanthroline ligands, [m-ii(pdc)(dpphen)(h ₂ O)].h ₂ O (m = Co or Cu). synthesis, crystal structures and properties	Zeitschrift für anorganische und allgemeine Chemie	Articulo	2005

properties			
Mixed-ligand copper(ii) complexes with n-isopropyl-iminodiacetato(2-) and c-phenyl-imidazole ligands. crystal structures of $[Cu(ipida)(h_2\text{phi im})(h_2o)] \cdot 3h_2o$ and $[Cu(ipida)(h_5\text{phi im})](n)$	Zeitschrift für anorganische und allgemeine chemie	Artículo	2005
Modificación del perfil lipídico plasmático materno-fetal tras la suplementación con ácido docosahexaenoico (dha) y ácido fólico durante el embarazo	Universidad de granada. bioquímica y biología molecular	Tesis doctoral	2005
New dietary management of infant colic	Proceedings of the 18th international congress of nutrition. nutrition safari for innovative solutions.	Capítulo de libro	2005
Obesity prevalence in andalusian children and adolescents	International journal of obesity	Artículo	2005
Self correction of chromosomally abnormal embryos in culture and implications for stem cell production	Fertility and sterility	Artículo	2005
The first metal chelate of the un-substituted 2,6-pyridine-dicarboxamide (pdcam). synthesis, molecular and crystal structure, and properties of $[Cu(II)(pdc)(pdcam)] \cdot 2h_2o$ (pdc=2,6-pyridine-dicarboxylato(2-) ligand)	Inorganic chemistry communications	Artículo	2005
Visual evoked potentials in infants after dietary supply of docosahexaenoic acid and 5-methyltetrahydrofolate during pregnancy	Advances in experimental medicine and biology	Artículo	2005
Visual evoked potentials in infants after dietary supply of docosahexaenoic acid and 5-methyl-tetrahydrofolate during pregnancy.	Early nutrition and its later consequences: new opportunities. perinatal programming of adult health ¿ec supported research	Capítulo de libro	2005
Várándós anyák étrendjének kiegészítése halolajeredetű n-3 zsírsavakkal: a ¿nuheal¿ nemzetközi vizsgálat. (effect of n-3 polyunsaturated fatty acid supplementation in pregnancy: the nuheal trial).	Gyermekgyógyászat	Artículo	2005
Análisis de 31 mutaciones del gen cftr en una muestra de la población andaluza	Universidad de granada. bioquímica y biología molecular	Tesis doctoral	2004
Aneuploidy study of human oocytes first polar body comparative genome hybridization and metaphase ii fluorescence in situ hybridization analysis	Human reproduction	Artículo	2004
Búsqueda de nuevas fuentes de agpi-cl para las leches infantiles	Proyecto xi.19: aplicacion de ingredientes funcionales en alimentacion infantil y para adultos: resultados y conclusiones	Capítulo de libro	2004
Expression profiles of individual human oocytes using microarray technology	Reproductive biomedicine online	Artículo	2004
Folatos, homocisteína y polimorfismos genéticos de la metilentetrahidrofolato reductasa (mthfr) durante la gestación y en el recién nacido.	Acta pediátrica española	Artículo	2004

3	Dynahealth - understanding the dynamic determinants of glucose homeostasis and social capability to promote healthy and active aging	Proyecto	1/1/15	4/1/19
4	Nigo-health: nutrition intervention during gestation and offspring health	Contrato	1/3/14	12/31/18
5	Mynewgut - microbiome influence on energy balance and brain development-function put into action to tackle diet-related diseases and behaviour	Proyecto	1/1/13	11/30/18
6	Smartfoods: industrial research and experimental development of intelligent foods [investigación industrial y desarrollo experimental de alimentos inteligentes].	Contrato	1/17/14	6/17/18
7	Catedra interuniversitaria ordesa de nutrición infantil	Proyecto	1/7/16	4/7/18
8	Efectos de genética/genómica y microbiota sobre la programación temprana de obesidad, crecimiento y neurodesarrollo en niños.	Proyecto	1/1/16	12/31/17
9	Early nutrition - long-term effects of early nutrition on later health	Proyecto	1/1/12	10/31/17
10	Nutrigen-igg-kit para el diagnóstico genético de la obesidad ligado a intolerancia alimentaria.	Contrato	1/26/14	12/31/16
11	Nutriomics - effects of early programming on child's neurodevelopmental outcomes	Proyecto	1/15/13	4/23/16
12	Preobe 2nd follow-up: programación fetal del crecimiento y neurodesarrollo en hijos de madres obesas y diabéticas. variantes genéticas, mecanismos epigenéticos y factores nutricionales e inmunológicos pre- y postnatales	Proyecto	1/1/13	2/28/16
13	Evaluación de la actividad del tejido adiposo pardo mediante termografía en parejas madre-hijo, según el índice de masa corporal pre-concepcional de las madres	Proyecto	1/1/13	12/31/13
14	Nutrimenthe: effect of diet on mental performance in children.	Proyecto	1/1/08	3/1/13
15	Preobe follow-up: effects of obesity and/or diabetes during pregnancy on gene expression and fatty acid placental transport: long-term consequences in the offspring.	Convenio	1/2/09	12/31/12
16	Searching for novel functional ingredients for infant formula to improve human neurodevelopment	Proyecto	1/5/09	2/16/12
17	Cognis - searching for novel functional ingredients for infant formula to improve human neurodevelopment	Contrato	1/1/09	1/1/12
18	Ciber: epidemiología y salud pública	Proyecto	1/1/06	12/31/10
19	Papel de la nutrición y la genética materna sobre la programación del desarrollo del tejido adiposo fetal. búsqueda de marcadores de riesgo de obesidad en etapas precoces de la vida.	Proyecto	1/11/07	6/30/10
20	Early nutrition programming long term follow up of efficacy and safety trials and integrated epidemiological, genetic, animal, consumer and economic research (earnest)	Proyecto	1/15/05	4/14/10
21	Synergy1: oligosaccharides, gut colonization and nutritional programming of immune-mediated health	Contrato	1/1/08	11/12/09
22	Kyobrina: impact of bile salt-stimulated lipase (bssl) on lcpufa bioavailability	Contrato	1/9/08	11/12/09
23	Desarrollo, aplicación y evaluación de la eficacia de un programa terapéutico para adolescentes con sobrepeso y obesidad: educación integral nutricional y de actividad física (evasyon)	Proyecto	1/1/06	12/30/08
24	Remodelamiento óseo y metabolismo de la vitamina d durante la gestación y lactancia. análisis de la repercusión de la dieta sobre el metabolismo fosfocálcico materno y del recién nacido (remodel)	Proyecto	1/30/04	12/30/07
25	Elaboración de una nueva fórmula adaptada infantil con nutrientes funcionales que regulen y estimulen el desarrollo del sistema inmune del recién nacido y lactante	Convenio	1/1/04	12/31/06

26	Influencia de la ingesta dietética continuada de colágeno (gelatina) sobre la densidad mineral ósea en la etapa de crecimiento infantil durante el embarazo y la lactancia	Convenio	1/1/04	12/31/06
27	Influencia de la ingesta dietética, continuada de colágeno (gelatina) sobre la densidad mineral ósea en la etapa de, crecimiento infantil y durante el embarazo y lactancia	Proyecto	1/10/04	10/10/06
28	Design and development of a new infant formula containing functional nutrients to regulate and stimulate the immune system development in the neonate and suckling infant.	Proyecto	1/20/03	9/6/06
29	Nuheal: ¿nutraceuticals for a healthy life? v programa marco en el programa quality of life and management of living resources	Contrato	1/1/00	9/30/03
30	Determination of plasma phospholipid composition, esp. content of dha	Contrato	1/3/01	7/10/03
31	Determination of plasma phospholipid composition, esp. content of dha	Proyecto	1/20/01	6/11/03
32	Nuheal : nutraceuticals for a healthy life	Proyecto	1/3/00	4/16/03
33	Determinación de una nueva fórmula infantil para el tratamiento dietético del cólico del lactante	Contrato	1/1/01	4/8/03
34	Búsqueda de una fórmula infantil para el tratamiento dietético del cólico del lactante	Contrato	1/2/01	12/20/01
35	Búsqueda de nuevas fuentes de ácidos grasos poliinsaturados para la alimentación infantil	Contrato	1/1/99	4/3/01
36	Investigación de una nueva fórmula láctea para recién nacidos	Contrato	1/11/96	4/9/98
37	Investigación y desarrollo de nuevas fórmulas lácteas para recién nacidos prematuros y a término	Contrato	1/1/92	4/4/95
38	Influencias de la suplementación nutricional con carnitina sobre la proteólisis y neoglucogénesis en recién nacidos	Contrato	1/6/88	11/6/90
39	Búsqueda de una nueva fórmula adaptada para el recién nacido	Contrato	10/1/99	

Actividades 26

Titulo actividad	Entidad	Tipo	Fecha
Participación en: sociedad española de pediatría extrahospitalaria y de atención primaria ()		Comité científico en sociedad ci	Jan 2, 2007
Participación en: centro euristikos - international excellence centre for paediatric research ()		Comité científico en sociedad ci	May 1, 2008
Participación en: royal society of chemistry ()		Comité científico en sociedad ci	May 1, 2004
Participación en: centro de excelencia euristikos ()		Comité científico en sociedad ci	Jan 1, 2008
Participación en comité de revista: ¿vitamina e: pasado, presente y perspectivas futuras en la alimentación infantil"		Comités científicos de revista	Jan 1, 2004
Participación en comité de revista: vitamina e, colesterol y sistemas enzimáticos implicados en el aclaramiento plásmatico de lípidos".		Comités científicos de revista	Jan 1, 2004
Participación en comité de revista: influencias del estrés intraparto en		Comités	Jan 1.

el metabolismo de los lípidos. adaptación de los sistemas de transporte de lípidos plasmáticos en el recién nacido		científicos de revista	2004
Participación en comité de revista: estimación del grado de madurez metabólica energética del recién nacido prematuro: perfil de lípidos del plasma y sistemas de transporte de lípidos		Comités científicos de revista	Jan 1, 2004
Experto evaluador de proyectos de investigación del v programa marco		Experiencia en evaluación	Mar 1, 1999
Experto evaluador de proyectos de investigación del vi programa marco	European comission	Experiencia en evaluación	Mar 13, 2002
Experto evaluador de proyectos de investigación del vii programa marco		Experiencia en evaluación	Mar 4, 2008
Miembro del comité de nutrición de la sociedad europea de gastroenterología, hepatología y nutrición pediátricas	Sociedad europea de gastroenterología, hepatología y nutrición pediátricas	Comité científico en sociedad ci	Mar 1, 2011
Representante del espghan con en la plataforma europea contra la obesidad	Eu platform on diet, physical activity and health dg-sanco	Comité científico en sociedad ci	Mar 7, 2011
Tribunal evaluador de la tesis doctoral "evaluación del estado nutricional de vitamina e, lípidos plasmáticos, lipoproteínas, apoproteínas a y b, y actividad de la lecitin colesterol acil transferasa, en lactantes con alimentación materna y fórm		Experiencia en evaluación	Sep 15, 1993
Tribunal evaluador de la tesis doctoral "control metabólico y riesgo aterogénico en niños diabéticos insulino-dependientes".		Experiencia en evaluación	Mar 9, 1994
Tribunal evaluador de la tesis doctoral "lípidos y otros factores de riesgo vascular en la población infantil de almería".		Experiencia en evaluación	Oct 15, 2002
Tribunal evaluador de la tesis doctoral "efectos nutricionales de la ingesta de un preparado lácteo enriquecido en ácidos grasos poliinsaturados de cadena larga omega-3, ácido oleico y vitaminas sobre marcadores de riesgo cardiovascular y metab		Experiencia en evaluación	Feb 15, 2006
Tribunal evaluador de tesis doctoral "exposición materno-infantil vía placentaria a compuestos químicos medioambientales con actividad hormonal. (doctorado europeo)".		Experiencia en evaluación	Mar 6, 2006
Tribunal evaluador de tesis doctoral "dinámica de los componentes de la ingesta energética en las diferentes etapas de la vida".	F	Experiencia en evaluación	Mar 6, 2006
Tribunal evaluador del concurso-oposición de alumnos internos de pediatría de la facultad de medicina de la universidad de granada	Facultad de medicina, universidad de granada	Experiencia en evaluación	Sep 16, 2002
Miembro colaborador del grupo de investigación de la junta de andalucía fqm 283		Grupos y equipos de investigación	Jan 1, 2003
Participación en: european society of parenteral and enteral nutrition ()		Comité científico en sociedad ci	Oct 30, 2006
Participación en: sociedad española de nutrición ()		Comité científico en	Oct 30,

			2006
Member of asociación española de bioinorgánica		Comité científico en sociedad ci	Jan 1, 2005
Evaluación tfm	Universidad de granada. facultad de medicina	Experiencia en evaluación	Oct 1, 2015
Evaluación tfm	Facultad de medicina, universidad de granada	Experiencia en evaluación	Oct 1, 2016
