

Francisco Manuel Ocaña Peinado

Grupo de Investigación: MODELIZACION Y PREDICCIÓN CON DATOS FUNCIONALES (Cod.: FQM307)

Departamento: Universidad de Granada. Estadística e Investigación Operativa

Código ORCID: <http://orcid.org/0000-0002-9692-6670>

Dialnet: <http://dialnet.unirioja.es/servlet/autor?codigo=199706>

Correo electrónico: fmocan@ugr.es

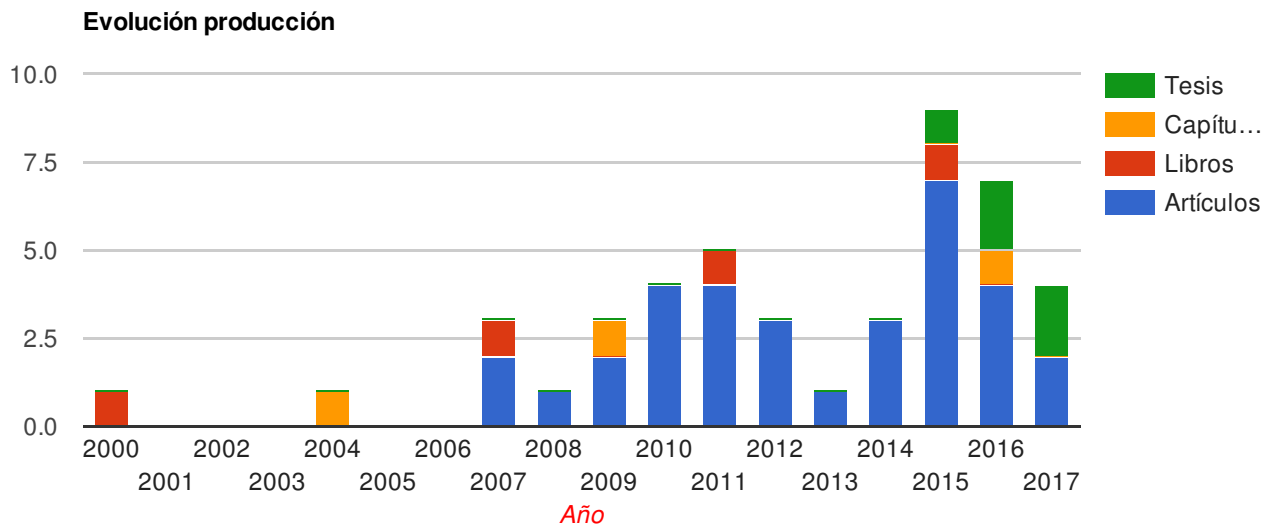

Código: 27134

Ficha del Directorio

Producción 45

Artículos (33) Libros (4) Capítulos de Libros (3) Tesis dirigidas (5)

Proyectos dirigidos 0

Proyectos (0) Contratos (0) Convenios (0)

Actividades 2

| Título publicación | Fuente | Tipo | Fecha |
|--|--|-------------------|--------------|
| Analyzing social perception as a key factor in the management of protected areas: the case of the sierra nevada protected area (s spain) | Journal of environmental planning and management | Articulo | 2017 |
| Efectos de un programa de actividad física sistemática y controlada y de dos antioxidantes en diabéticos en una población adulta. estudio clínico-experimental | Universidad de granada. facultad de ciencias de la salud | Tesis doctoral | 2017 |
| El componente social en espacios protegidos: contribución al estudio de la percepción de la población local en el espacio natural sierra nevada | Universidad de granada | Tesis doctoral | 2017 |
| The effect of epidural analgesia alone and in association with other variables on the risk of cesarean section | Biological research for nursing. | Articulo | 2017 |
| A phytosociological survey of the halophytic vegetation of north america's temperate boreal pacific coast | Phytocoenologia | Articulo | 2016 |
| Anthropology: a credit memo for the social and educational role in the area of history | Journal for educators, teachers and trainers | Articulo | 2016 |
| Asociación de factores de riesgo cardiovascular clásicos y emergentes en el síndrome coronario agudo y el accidente cerebrovascular en la población de motril | Primer congreso internacional de investigación multidisciplinar en salud | Capítulo de libro | 2016 |
| Association of cardiovascular emerging risk factors with acute coronary syndrome and stroke: a case control study | Nursing and health sciences | Articulo | 2016 |
| Effectiveness of a flamenco and sevillanas program to enhance mobility, balance, physical activity, blood pressure, body mass, and quality of life in postmenopausal women living in the community in spain: a randomized clinical trial | Menopause | Articulo | 2016 |
| Estudio de factores de riesgo cardiovascular clásicos y emergentes en el síndrome coronario agudo y en el accidente cerebrovascular en la población de motril | Universidad de granada | Tesis doctoral | 2016 |
| La contribución de la antropología social en la mejora de la calidad de la docencia en el área de historia. un estudio de caso en la etapa de bachillerato de la ciudad de granada | Universidad de granada. facultad de ciencias de la educación | Tesis doctoral | 2016 |
| Biometría | Editorial técnica avicam | Libros | 2015 |
| Cause-effect relations between 55 kd soluble tnf receptor concentrations and specific and unspecific symptoms in a patient with mild sle disease activity: a exploratory time series analysis study | Bmc research notes | Articulo | 2015 |
| Efecto del phlebodium decumanum y de la coenzima q10 sobre el rendimiento deportivo en jugadores profesionales de voleibol. | Nutrición hospitalaria | Articulo | 2015 |
| Effectiveness of platelet-rich plasma and hyaluronic acid for the treatment and care of pressure ulcers. | Biological research for nursing. | Articulo | 2015 |
| Functional capacity and physical exercise in older women living in a rural environment: a correlational cross-sectional study | Journal of gerontology & geriatric research | Articulo | 2015 |
| Response to commentary in regards to our published article entitled: retrospective study of the association between epidural analgesia during labor and complications for the newborn | Midwifery | Articulo | 2015 |
| Retrospective study of the association between epidural analgesia during labour and complications for the newborn | Midwifery | Articulo | 2015 |
| Should arm span or height be used in calculating the bmi for elderly population? preliminary results. | Journal of clinical nursing | Articulo | 2015 |
| Valoración de la analgesia epidural en el parto. factores obstétricos y neonatales | | Tesis doctoral | 2015 |

| | | | |
|--|---|-------------------|------|
| Bacterial contamination levels of autogenous bone particles collected by three different techniques for harvesting intraoral bone grafts | Journal of oral and maxillofacial surgery | Articulo | 2014 |
| Modelos de estimación de riesgo cardiovascular y papel de enfermería en la prevención | Enfermeria en cardiologia | Articulo | 2014 |
| Phenolic content of sicilian virgin olive oils and their effect on mg-63 human osteoblastic cell proliferation | Grasas y aceites (sevilla) | Articulo | 2014 |
| A principal component regression model to forecast airborne concentration of cupressaceae pollen in the city of granada (se spain), during 1995¿2006 | International journal of biometeorology | Articulo | 2013 |
| Association between dietary antioxidant quality score (daqs) and bone mineral density in spanish women | Nutrición hospitalaria | Articulo | 2012 |
| Bioclimate-vegetation interrelations along the pacific rim of north america | American journal of plant sciences | Articulo | 2012 |
| Stress system dynamics during "life as it is lived": an integrative single-case study on a healthy woman | Plos one | Articulo | 2012 |
| A phytosociological and phytogeographical survey of the coastal vegetation of western north america: beach and dune vegetation from baja california to alaska | Applied vegetation science | Articulo | 2011 |
| Bioclimates and vegetation along the pacific basin of northwestern mexico | Plant ecology | Articulo | 2011 |
| Estudio del proceso de inercia en modelos de función de transferencia | Eae publishing, | Libros | 2011 |
| Movilidad torácica y abdominal en adultos jóvenes de ambos sexos sin patología conocida | Scientia: revista multidisciplinar de ciencias de la salud | Articulo | 2011 |
| Thoracic and abdominal mobility among young adults of both sexes without known pathology | Revista scientia | Articulo | 2011 |
| Antes y después del espíritu del ees en biometría para farmacia | Ars pharmaceutica | Articulo | 2010 |
| Forecasting pollen concentration by a two-step functional model | Biometrics | Articulo | 2010 |
| Functional level and quality of life in ankylosing spondylitis, pilot study after 16 weeks tn timer blocker treatment. | Revista española de geriatría y gerontología | Articulo | 2010 |
| Forecasting pollen concentration by a two-steps functional model | Biometrics | Articulo | 2010 |
| Functional modelling in environmetrics | Proceedings in applied stochastic models and data analysis 2009 | Capítulo de libro | 2009 |
| Forecasting pollen concentration by a two-step functional model | Biometrics | Articulo | 2009 |
| Mood and fatigue in everyday life are temporally related to cellular immune activity preliminary evidence from an extensive observation of a patient with prior breast cancer | Psychopathology | Articulo | 2009 |
| A dynamic regression model for air pollen concentration | Stochastic environmental research and risk assessment | Articulo | 2008 |
| Evaluación de la titulación: nutrición humana y dietética | Universidad de granada, servicio de publicaciones | Libros | 2007 |
| Functional approach to the random mean of a compound cox process | Computational statistics | Articulo | 2007 |
| Preliminary evidence on the direction of effects between day-to-day changes in cellular immune activation, fatigue and mood in a patient with prior breast cancer: a time-series analysis approach | Pteridines | Articulo | 2007 |
| Modelling residuals in dynamic regression: an alternative using principal component analysis | Compstat: proceedings in computational statistics 2004 | Capítulo de libro | 2004 |
| Diseño metodológico de la estructura y actividad del sector turístico en | Instituto de estadística | Libros | 2000 |

| | Título proyecto | Tipo | Inicio | Fin |
|--|------------------------|-------------|---------------|------------|
|--|------------------------|-------------|---------------|------------|

Actividades 2

| Título actividad | Fuente | Tipo | Fecha |
|--|--|--------------------------------|--------------|
| Asesor estadístico del max planck institute for infection biology | Max planck institute for infection biology | Colaboración con centros i+d | Feb 1, 2013 |
| Participación en comité de revista: scientia: revista multidisciplinar de ciencias de la salud | | Comités científicos de revista | Jul 1, 1995 |
