

CRISTINA ELENA TRENZADO ROMERO

Grupo de Investigación: **NUTRICION Y ALIMENTACION DE PECES** (Cod.: RNM156)

Departamento: Universidad de Granada. Biología Animal

Correo electrónico: ctrenzad@ugr.es

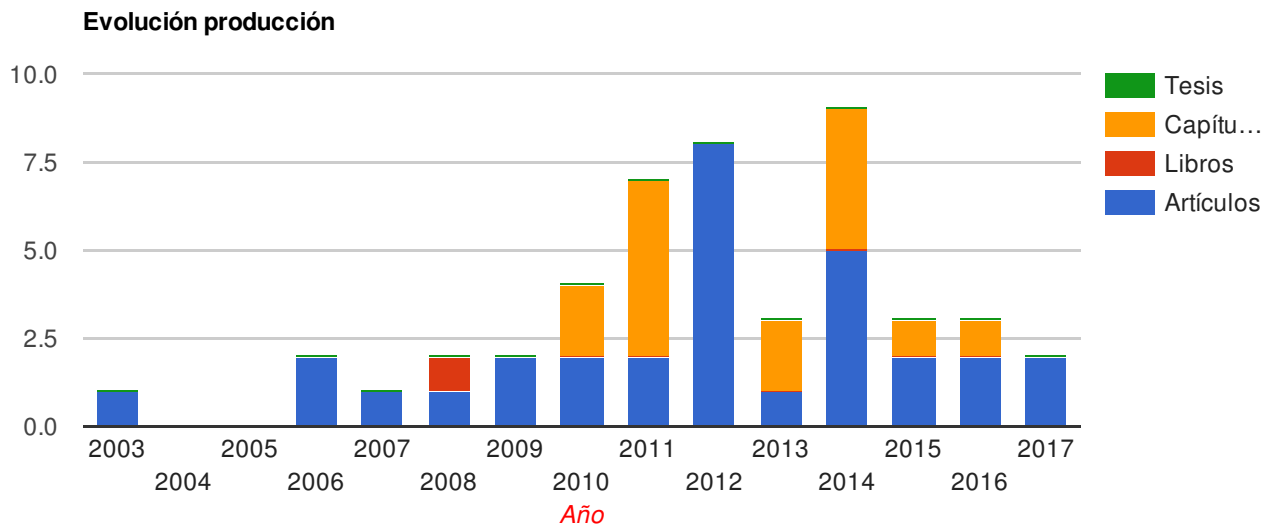

Código: 31967

Ficha del Directorio

Producción 47

Artículos (31) Libros (1) Capítulos de Libros (15) Tesis dirigidas (0)

Proyectos dirigidos 0

Proyectos (0) Contratos (0) Convenios (0)

Actividades 0

Titulo publicación	Fuente	Tipo	Fecha
Are antioxidant capacity and oxidative damage related to biological and autecological characteristics in aquatic insects?	Journal of limnology	Articulo	2017
Tissue-specific daily variation in the oxidative status of sturgeon (acipenser naccarii) and rainbow trout (oncorhynchus mykiss): a comparative study.	Fish physiology and biochemistry	Articulo	2017
Are antioxidant capacity and oxidative damage related to biological and autecological characteristics in aquatic insects?	Journal of limnology	Articulo	2016
Características biológicas y morfológicas de los esturiones. la vejiga natatoria	La ictiocola del esturión	Capítulo de libro	2016
Nutritional evaluation of tenebrio molitor meal as fishmeal substitute for tilapia (oreochromis niloticus) diet	Aquaculture nutrition	Articulo	2016
Interaction of dietary energy levels and culture density on growth performance and metabolic and oxidative status of rainbow trout (oncorhynchus mykiss)	Aquacultural engineering	Articulo	2015
Morphology, histology, and functional structure of the alimentary canal of sturgeon	Phylogeny, anatomy and physiology of ancient fishes	Capítulo de libro	2015
Ultraviolet radiation does not increase oxidative stress in the lizard psammmodromus algirus along an elevational gradient	Comparative biochemistry and physiology b	Articulo	2015
Changes in iron metabolism and oxidative status in stz-induced diabetic rats treated with bis(maltolato) oxovanadium (iv) as an antidiabetic agent	The scientific world journal	Articulo	2014
Coaching as educational method to enhance university-students¿ performance	8th international technology, education and development conference (inted 2014)	Capítulo de libro	2014
Effect of low dose diuron in oxidative state on the gilthead sea bream sparus aurata	International journal of aquatic science	Articulo	2014
Influence of dietary lipids and culture density on rainbow trout (oncorhynchus mykiss) flesh composition and quality parameter.	Aquacultural engineering	Articulo	2014
Learning communities at the university: a new teaching approach	8th international technology, education and development conference (inted 2014)	Capítulo de libro	2014
M-learning: a novel methodology for teaching and learning at the university	6th international conference on education and new learning technologies (edulearn 2014)	Capítulo de libro	2014
Novel tools for continuous evaluation in university studies	6th international conference on education and new learning technologies (edulearn 2014)	Capítulo de libro	2014
Oxidative stress decreases with elevation in the lizard psammmodromus algirus	Comparative biochemistry and physiology a,	Articulo	2014
Physiological strategies contributing to the coexistence of two predatory species of stoneflies: dinocras cephalotes and perla bipunctata		Articulo	2014
Feedback between universities and companies	7th international technology, education and development conference (inted 2013)	Capítulo de libro	2013
Personal learning environment in postgraduate studies	7th international technology, education and development conference (inted 2013)	Capítulo de libro	2013
Relationship between brain and liver oxidative state and maximum lifespan potential of different fish species	Comparative biochemistry and physiology, part a	Articulo	2013
Changes in the antioxidant defence and in selenium concentration in tissues of vanadium exposed rats	Metallomics	Articulo	2012
	Comparative biochemistry		

Digestive enzyme activity and trophic behavior in two predator aquatic insects (plecoptera, perlidae). a comparative study.	Comparative biochemistry and physiology, part a: molecular & integrative physiology	Articulo	2012
Effect of bis(maltolato)oxovanadium (iv) (bmov) on selenium nutritional status in diabetic streptozotocin rats.	British journal of nutrition	Articulo	2012
Exposure of healthy rats to vanadium results in tissue selenium depletion and compromises antioxidant defences	Metallomics	Articulo	2012
Oxidative stress mediates physiological costs of begging in magpie (pica pica) nestlings.	Plos one	Articulo	2012
Study of the enzymatic digestive profile in three species of mediterranean sea urchins.	Aquaculture	Articulo	2012
Study of the oxidative state, as a marker of welfare, on gilthead sea bream (sparus aurata) subjected to handling stress.	Journal of the world aquaculture society	Articulo	2012
The metabolic effects of prolonged starvation and refeeding in sturgeon and rainbow trout.	Journal of comparative physiology b	Articulo	2012
Digestive enzyme activity of two stonefly species (insecta, plecoptera) and their feeding habits	Comparative biochemistry and physiology. part a, molecular & integrative physiology	Articulo	2011
Metabolic responses to food deprivation in fish.	Biology of starvation in humans and other organisms	Capítulo de libro	2011
Profesor training at the university of granada	International technology, education and development conference (inted2011)	Capítulo de libro	2011
Teaching guide development in postgraduate studies	International technology, education and development conference (inted2011)	Capítulo de libro	2011
The paradox of the conservation of an endangered fish species in a mediterranean region under agricultural intensification	Biological conservation	Articulo	2011
Tutoring at the university of granada. tutorial action plan	4th international conference of education, research and innovation (iceri 2011)	Capítulo de libro	2011
University practicum as optional subject in experimental sciences degrees	4th international conference of education, research and innovation (iceri 2011)	Capítulo de libro	2011
Antioxidant defenses in the first life phases of the sturgeon acipenser naccarii.	Aquaculture (amsterdam)	Articulo	2010
Alternative teaching tools in experimental sciences audiovisual aids	International conference on education and new learning technologies (edulearn 10)	Capítulo de libro	2010
Study of antioxidant defense in four species of perloidea (insecta, plecoptera)	Zoological science	Articulo	2010
Visual arts as educational resource in biological sciences teaching	International conference on education and new learning technologies (edulearn 10)	Capítulo de libro	2010
Blood antioxidant defenses and hematological adjustments in crowded/uncrowded rainbow trout (oncorhynchus mykiss) fed on diets with different levels of antioxidant vitamins and hufa	Comparative biochemistry and physiology. part c, toxicology & pharmacology	Articulo	2009
Effects of stress in the specific activity of g6pdh and gene expression in sparus aurata	Comparative biochemistry and physiology. part a, molecular & integrative physiology	Articulo	2009
Physiological changes in rainbow trout held under crowded conditions and fed diets with different levels of vitamins e and c and highly unsaturated fatty acids (hufa)	Aquaculture (amsterdam)	Articulo	2008
Selección parental y dieta como estrategias de atenuación del			

Selección parental y dieta como estrategias de atenuación del estrés crónico en la trucha <i>oncorhynchus mykiss</i> (Walbaum, 1972).	Universidad Granada	Libros	2008
Influence of dietary vitamins E and C and hufa on rainbow trout (<i>oncorhynchus mykiss</i>) performance under crowding conditions	Aquaculture (Amsterdam)	Artículo	2007
Antioxidant enzymes and lipid peroxidation in sturgeon <i>Acipenser naccarii</i> and trout <i>oncorhynchus mykiss</i> . A comparative study	Aquaculture (Amsterdam)	Artículo	2006
Physiological effects of crowding in rainbow trout, <i>oncorhynchus mykiss</i> , selected for low and high stress responsiveness	Aquaculture (Amsterdam)	Artículo	2006
Divergence of endocrine and metabolic responses to stress in two rainbow trout lines selected for differing cortisol responsiveness to stress	General and comparative endocrinology	Artículo	2003
