

GERARDO GOMEZ MORENO

Grupo de Investigación: INVESTIGACIÓN FARMACOLÓGICA EN ODONTOLOGÍA (Cod.: CTS654)

Departamento: Universidad de Granada. Estomatología

Correo electrónico: ggomez@ugr.es

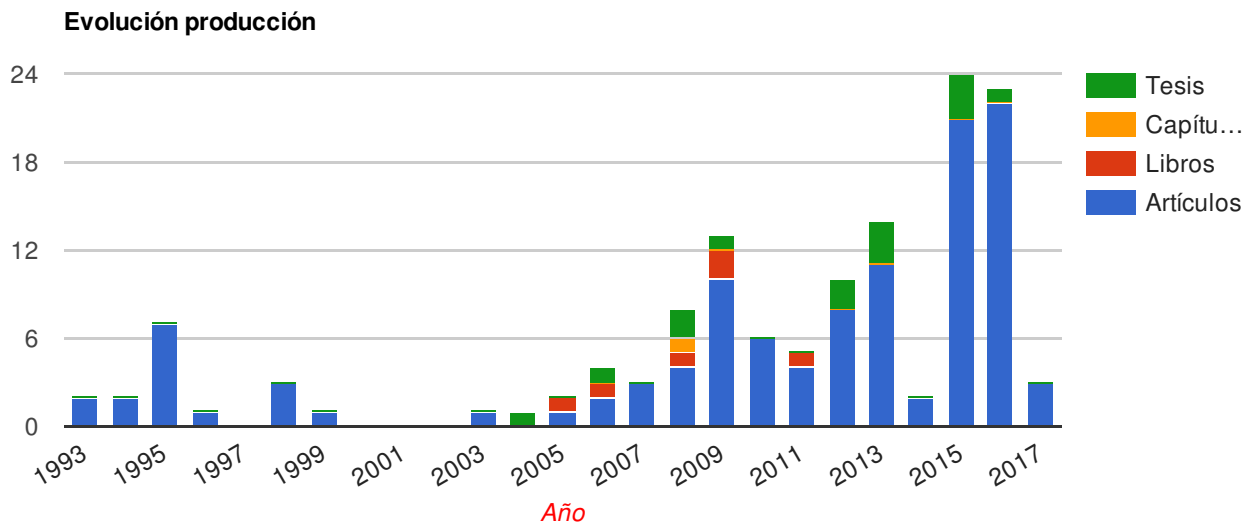

Código: 41466

Ficha del Directorio

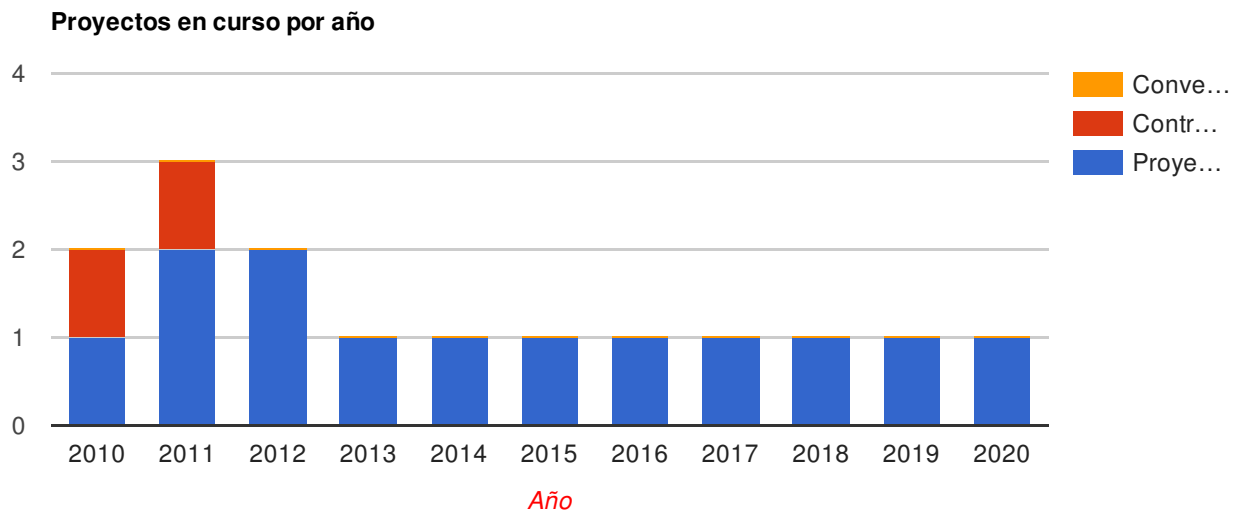

Producción 135

Artículos (114) Libros (6) Capítulos de Libros (1) Tesis dirigidas (14)

Proyectos dirigidos 3

Proyectos (2) Contratos (1) Convenios (0)

Actividades 0

Titulo publicación	Fuente	Tipo	Fecha
Drug-related oral malodour (halitosis): a literature review.	European review for medical and pharmacological sciences	Articulo	2017
Effects of surface treatment modification and implant design in implants placed crestal and subcrestally applying delayed loading protocol	The journal of craniofacial surgery	Articulo	2017
Incremento de los parámetros de estrés oxidativo salival en pacientes con diabetes tipo 2: relación con la enfermedad periodontal.	Endocrinología, diabetes y nutrición	Articulo	2017
Aneurysmal bone cyst of the mandible affecting the articular condyle: a case report	Clinical case reports	Articulo	2016
Bacterial influence on consolidation of bone grafts in maxillary sinus elevation	Clinical oral implants research	Articulo	2016
Biological effects of compressive forces exerted on particulae bone grafts during socket preservation: animal study	Clinical oral implants research	Articulo	2016
Biphosphonates, vitamine d, parathyroid hormone and osteonecrosis of the jaw. could there be a missing link?	Medicina oral, patologia oral y cirugia bucal	Articulo	2016
Bisphosphonates, vitamin d, parathyroid hormone, and osteonecrosis of the jaw. could there be a missing link?	Medicina oral, patologia oral y cirugia bucal	Articulo	2016
Bone healing at implants with different surface configurations: an experimental study in dogs	Clinical oral implants research	Articulo	2016
Bone response to collagenized xenografts of porcine origin and bovine bone mineral grafting grafts in tibia defects: experimental study in rabbits	Clinical oral implants research	Articulo	2016
Can treatment with statins have a negative influence on the tolerance of mandibular advancent devices?	Sllep breathing	Articulo	2016
Cepillado manual frente a eléctrico en el control mecánico de placa en pacientes con discapacidad intelectual.	Universidad complutense de madrid	Tesis doctoral	2016
Denosumab and osteonecrosis of the jaw. a systematic analysis of events reported in clinical trials	Clinical oral implants research	Articulo	2016
Dental implant surgery in patients in treatment with the anticoagulant oral rivaroxaban	Clinical oral implants research	Articulo	2016
Effects on the osseointegration of titanium implants incorporating calcium-magnesium: a resonance frequency and histomorphometric analysis in rabbit tibia	Clinical oral implants research	Articulo	2016
Human fetal osteoblast behavior on zirconia dental implants and zirconia disks with microstructured surfaces. an experimental in vitro study	Clinical oral implants research	Articulo	2016
Influence of drilling speed on stability of tapered dental implants: an ex vivo experimental study	International journal of oral and maxillofacial implants	Articulo	2016
Influence of hydroxiapatite granule size, porosity and cristallinity on tissue reaction in vivo. part a: synthesis, characterization of the materials and sem analysis	Clinical oral implants research	Articulo	2016
Influence of hydroxiapatite granule size, porosity and cristallinity on tissue reaction in vivo. part b: a comparative study with biphasic synthetic biomaterials	Clinical oral implants research	Articulo	2016
Influence of hydroxyapatite granule size, porosity and crystallinity on tissue reaction in vivo. part a: synthesis, characterization of the materials and sem analysis	Clinical oral implants research	Articulo	2016
Manual versus sonic powered toothbrushing in patients with intellectual disability: a cluster-randomized clinical trial	Journal of clinical periodontology	Articulo	2016
Material characterization and in vivo behavior of dicalcium silicate cement modified with phosphorus	Ceramics international	Articulo	2016

cement modified with phosphorus			
Peri-implant evaluation of immediately loaded implants placed in the esthetic zone in patients with diabetes mellitus type 2: a two-year study	Clinical oral implants research	Articulo	2016
Peri-implant tissue behavior around non-titanium material: experimental study in dogs	Annals of anatomy	Articulo	2016
The antibiotic choice determined by antibiogram in maxillary sinus elevation surgery: a clinical study	Clinical oral implants research	Articulo	2016
Update of surgical techniques for maxillary sinus augmentation: a systematic literature review	Implant dentistry	Articulo	2016
Bone neo-formation and mineral degradation of 4bone.® part i: material characterization and sem study in critical size defects in rabbits.	Clinical oral implants research	Articulo	2015
Bone remodeling at implants with different configurations and placed immediately at different depth into extraction sockets. experimental study in dogs.	Clinical oral implants research	Articulo	2015
Crestal bone remodeling at implants with different configurations placed at different depth into extraction sockets. experimental study in dogs	Clinical oral implants research	Articulo	2015
Dental extraction in patients receiving dual antiplatelet therapy	Medicina oral, patologia oral y cirugia bucal	Articulo	2015
Effect of inhaled corticosteroids on salival composition: a cross-sectional study in patients with bronchial asthma	Clinical drug investigation	Articulo	2015
Eficacia del ácido málico 1% en pacientes con xerostomía inducida por benzodiazepinas	Universidad de murcia	Tesis doctoral	2015
Erratum to: biomechanical and histological evaluation of four different titanium implant surface modificastions: an experimental study in the rabbit tibia	Clinical oral investigations	Articulo	2015
Evaluación peri implantaría en pacientes con diabetes mellitus tipo 2: estudio a tres años.	Universidad de granada. facultad de odontología	Tesis doctoral	2015
Implants failures related to endodontic treatment. an observational retrospective study.	Clinical oral implants research	Articulo	2015
Influence of surface treatment on osseointegration of dental implants: histological, histomorphometric and radiological analysis in vivo.	Clinical oral investigations	Articulo	2015
Influence of the implant design on osseointegration and crestal bone resorption of immediate implants: a histomorphometric study in dogs.	Clinical oral implants research	Articulo	2015
Jaw osteonecrosis management around a dental implant inserted 2 years before starting treatment with zoledronic acid	Journal of clinical and experimental dentistry	Articulo	2015
Marginal bone loss evaluation around immediate non-occlusal microthreaded implants placed in fresh extraction sockets in the maxilla: a 3-year study.	Clinical oral implants research	Articulo	2015
Narrow versus mini-implants at crestal and subcrestal bone levels. experimental study in beagle dogs at three months	Clinical oral investigations	Articulo	2015
Narrow- versus mini-implants at crestal and subcrestal bone levels. experimental study in beagle dogs at three months.	Clinical oral investigations	Articulo	2015
New bone formation in bone defects after melatonin and porcine bone grafts: experimental study in rabbits.	Clinical oral implants research	Articulo	2015
Outcomes of topical applications of melatonin in implant dentistry: a systematic review	Implant dentistry	Articulo	2015
Poems syndrome (polyneuropathy, organomegaly, endocrinopathy, monoclonal gammopathy and skin changes) treated with autologous hematopoietic stem cell transplantation: a case report	American journal of case reports	Articulo	2015

and literature review			
Peri-implant bone organization surrounding zirconia-microgrooved surfaces circularly polarized light and confocal laser scanning microscopy study	Clinical oral implants research	Articulo	2015
Peri-implant bone organization surrounding zirconia-microgrooved surfaces circularly polarized light and confocal laser scanning microscopy study.	Clinical oral implants research	Articulo	2015
Peri-implant evaluation in type 2 diabetes mellitus patients: a 3-year study.	Clinical oral implants research	Articulo	2015
Protocolo para la realización de exodoncias en pacientes sometidos a terapia antiagregante dual.	Universidad de murcia	Tesis doctoral	2015
Role of mechanical compression on bone regeneration around a particulate bone graft material: an experimental study in rabbit calvaria	Clinical oral implants research	Articulo	2015
Xerostomia relates to the degree of asthma control.	Journal of oral pathology & medicine	Articulo	2015
Bisphosphonate-associated osteonecrosis of the jaw 2 years after teeth extractions: a case report solved with non-invasive treatment.	European review for medical and pharmacological sciences	Articulo	2014
Psychometric validation of the spanish version of the dundee ready education environment measure applied to dental students.	European journal of dental education	Articulo	2014
Analysis of the `educational climate¿ in spanish public schools of dentistry using the dundee ready education environment measure: a multicenter study	European journal of dental education	Articulo	2013
Bisphosphonate-associated osteonecrosis of the jaw 2 years after teeth extractions: a case report solved with non-invasive treatment	European review for medical and pharmacological sciences	Articulo	2013
Clinical and radiographic evaluation of osseotite expanded platform implants related to crestal bone loss: a 10-year study	Clinical oral implants research	Articulo	2013
Connective tissue characteristics around healing-abutments of different geometries. new methodological technique under circularly polarized light	Clinical implant dentistry and related research	Articulo	2013
Crestal bone reactions to immediate implants placed at different levels in relation to crestal bone. a pilot study in foxhound dogs.	Clinical oral implants research	Articulo	2013
Eficacia del ácido málico 1% en spray en pacientes con xerostomia inducida por antihipertensivos		Tesis doctoral	2013
Eficacia del ácido málico 1% en spray en pacientes con xerostomia inducida por farmacos anidepresivos		Tesis doctoral	2013
Effectiveness of malic acid 1% in patients with xerostomia induced by antihypertensive drugs.	Medicina oral, patologia oral y cirugía bucal	Articulo	2013
Evaluation of the efficacy of a topical sialogogue spray containing malic acid 1% in elderly people with xerostomia: a double-blind, randomized clinical trial.	Gerodontology: an international journal	Articulo	2013
Histological and histomorphometric evaluation of zirconia dental implants modified by femtosecond laser versus titanium implants: an experimental study in fox hound dogs	European journal of dental education	Articulo	2013
Histological, radiological and histomorphometric evaluation of immediate versus non-immediate loading of a zirconia implant with surface treatment in a dog model	Clinical oral implants research	Articulo	2013
Psychometric validation of the spanish version of the dundee ready education environment measure applied to dental students	European journal of dental education	Articulo	2013
Respuesta del hueso crestral a la colocación de implantes inmediatos de plataforma expandida situados a diferentes niveles con respecto a la cresta alveolar. estudio experimental en perros	Facultad de odontología. universidad de granada	Tesis doctoral	2013

american foxhound			
The efficacy of a topical sialogogue spray containing 1% malic acid in patients with antidepressant-induced dry mouth: a double-blind, randomized clinical trial.	Depression and anxiety	Articulo	2013
Biological response to porcine xenograft implants: an experimental study in rabbits	Implant dentistry	Articulo	2012
Biological response to porcine xenograft implants: an experimental study in rabbits.	Implant dentistry	Articulo	2012
Biomechanical and bone histomorphological evaluation of two surfaces on tapered and cylindrical root form implants: an experimental study in dogs.	Clinical implant dentistry and related research	Articulo	2012
Estudio histomorfométrico, radiológico y mecánico de implantes de zirconio modificados por laser de femtosegundo en carga inmediata versus carga no inmediata. estudio experimental en perros fox hound a tres meses	Universidad de murcia	Tesis doctoral	2012
Femtosecond laser microstructuring of zirconia dental implants	Journal of biomedical materials research. part b: applied biomaterials	Articulo	2012
Meta-analytic study of implant survival following sinus augmentation	Medicina oral, patologia oral y cirugía bucal	Articulo	2012
Modelo experimental de la respuesta ósea a injertos de hueso porcino (mp3) y hueso bovino (endobon) en defectos óseos post-extracción: estudio experimental en perros american fox hound.		Tesis doctoral	2012
Pre-operative measurement of the volume of bone graft in sinus lifts using compudent	Clinical oral implants research	Articulo	2012
The efficacy of a topical sialogogue spray containing 1% malic acid in patients with antidepressant-induced dry mouth: a double-blind, randomized clinical trial	Depression and anxiety	Articulo	2012
The efficacy of a topical sialogogue spray containing 1% malic acid in patients with antidepressant-induced dry mouth: a double-blind, randomized clinical trial.	Depression and anxiety	Articulo	2012
Crestal bone loss evaluation in osseointegrated platform implants: a 5-year study	Clinical oral implants research	Articulo	2011
Extractions without eliminating anticoagulant treatment: a literature review.	Medicina oral, patologia oral y cirugía bucal	Articulo	2011
Evaluation of primary stability of self-tapping and non-self-tapping dental implants. a 12-week clinical study	Clinical implant dentistry and related research	Articulo	2011
Excelencia docente ii. reconocimientos en educación superior		Libros	2011
Experimental model of bone response to collagenized xenografts of porcine origin (osteobiol® mp3): a radiological and histomorphometric study	Clinical implant dentistry and related research	Articulo	2011
Actions of melatonin mixed with collagenized porcine bone versus porcine bone only on osteointegration of dental implants	Journal of pineal research	Articulo	2010
Atraumatic maxillary sinus elevation using threaded bone dilators for immediate implants. a three-year clinical study	Medicina oral, patologia oral y cirugía bucal	Articulo	2010
Experimental model of bone response to xenografts of bovine origin (endobon®): a radiological and histomorphometric study.	Clinical oral implants research	Articulo	2010
Melatonin in diseases of the oral cavity	Oral diseases	Articulo	2010
Melatonin stimulates the growth of new bone around implants in the tibia of rabbits	Journal of pineal research	Articulo	2010
Orthodontic management in patients with haemophilia. about two clinical cases	Medicina oral, patologia oral y cirugía bucal	Articulo	2010
: programa de mentorización de profesorado novel titulaciones biocéntricas. facultad de medicina odontología y ocnología			

biosanitarias. facultad de medicina,odontología y escuela universitaria de ciencias de la salud. -experiencias de mentorización a profesorado principiante en la educación superior. i jor		Libros	2009
Evaluation of effects of topic melatonin on implant surface at 5 and 8 weeks in beagle dogs	Clinical implant dentistry and related research	Articulo	2009
Hormona de crecimiento y osteointegración en la cavidad oral a las 5 y 8 semanas. estudio experimental en perros beagle	Universidad de murcia. dermatología, estomatología, radiología y medicina física	Tesis doctoral	2009
Interacciones farmacológicas de los antimicrobianos en odontología	Medicina oral, patología oral y cirugía bucal	Articulo	2009
Interacciones farmacológicas de los vasoconstrictores de uso odontológico	Medicina oral, patología oral y cirugía bucal	Articulo	2009
Melatonin plus porcine bone on discrete calcium deposit implant surface stimulates osteointegration in dental implants	Journal of pineal research	Articulo	2009
Orthodontic management in patients with haemophilia. about two clinical cases	Medicina oral, patología oral y cirugía bucal	Articulo	2009
Pharmacological interactions of anti-inflammatory-analgesics in odontology	Medicina oral, patología oral y cirugía bucal	Articulo	2009
Pharmacological interactions of anti-microbial agents in odontology	Medicina oral, patología oral y cirugía bucal	Articulo	2009
Pharmacological interactions of vasoconstrictors	Medicina oral, patología oral y cirugía bucal	Articulo	2009
Planificación de la docencia universitaria por competencias y guías didácticas		Libros	2009
The effects of growth hormone on the initial bone formation around implants	The international journal of oral & maxillofacial implants	Articulo	2009
Topical application of melatonin and growth hormone accelerates bone healing around dental implants in dogs	Clinical implant dentistry and related research	Articulo	2009
Estudio histomorfométrico sobre el comportamiento de la melatonina en los procesos de osteointegración implantológica	Universidad de granada. estomatología	Tesis doctoral	2008
Hormona de crecimiento y osteointegración en la cavidad oral	Universidad de granada. estomatología	Tesis doctoral	2008
Immediate loading and immediate restoration in 105 expanded-platform implants via the diem system after a 16-month follow-up period	Medicina oral, patología oral y cirugía bucal	Articulo	2008
Interacciones farmacológicas de los analgésicos-antiinflamatorios en odontología	Medicina oral, patología oral y cirugía bucal	Articulo	2008
Interacciones farmacológicas en odontología	Medicina bucal	Capítulo de libro	2008
Interaction of paracetamol in chronic alcoholic patients. importance for odontologists.	Medicina oral, patología oral y cirugía bucal	Articulo	2008
Melatonin stimulates osteointegration of dental implants	Journal of pineal research	Articulo	2008
Medicina bucal		Libros	2008
Local application of melatonin into alveolar sockets of beagle dogs reduces tooth removal-induced oxidative stress	Journal of periodontology	Articulo	2007
Melatonin expression in periodontal disease	Journal of periodontal research	Articulo	2007
Melatonin reduces oxidative stress because of tooth removal.	Journal of pineal research	Articulo	2007
Melatonina, estrés oxidativo y osteointegración en la cavidad oral	Universidad de granada. estomatología	Tesis doctoral	2006
Parameters of oxidative stress in saliva from diabetic and	Journal of oral pathology	Articulo	2006

parenteral drug addict patients	& medicine		
Relationship between salivary melatonin and severity of periodontal disease.	Journal of periodontology	Articulo	2006
Visión odontológica de las interacciones farmacológicas		Libros	2006
Hereditary blood coagulation disorders: management and dental treatment.	Journal of dental research	Articulo	2005
Visión odontológica de las interacciones farmacológicas	Grupo editorial universitario	Libros	2005
Estudio del comportamiento del sistema inmune en pacientes odontológicos diagnosticados de fobia específica dental y ansiedad generalizada. niveles de melatonina y cortisol salival, interleukina - 1 beta, neuropéptido -y y subpoblaciones linfocitarias	Universidad de granada. estomatología	Tesis doctoral	2004
Relationship between salivary melatonin levels and periodontal status in diabetic patients	Journal of pineal research	Articulo	2003
Síndrome de rieger. a propósito de dos casos	Quintessence (spanish edition)	Articulo	1999
El paciente hipocondríaco en la clínica dental.	Cuidados odontológicos especiales	Articulo	1998
Free interleukin-2 receptors in children with trisomy 21 (down's syndrome) and different levels of periodontal disease.	International journal of paediatric dentistry	Articulo	1998
Free interleukin-2 receptors in children with trisomy 21 (down's syndrome) and different levels of periodontal disease	International journal of paediatric dentistry	Articulo	1998
Correlación entre el estado bucal y los niveles de interleukina-6 en pacientes esquizofrénicos	Archivos de odontoestomatología	Articulo	1996
Asociacion de los niveles medios de glucosa en sangre con el estado bucodental del paciente diabetico.	Anales de odontoestomatología	Articulo	1995
Correlacion entre el estado oral y los niveles sericos de interleukina-6 en pacientes diabeticos	Archivos de odontoestomatología	Articulo	1995
Do vasoconstrictors modify glycemia in diabetics dental patients?.	Cuidados odontológicos especiales	Articulo	1995
Estado oral en pacientes esquizofrenicos institucionalizados	Archivos de odontoestomatología	Articulo	1995
La hemoglobina glicosilada a1c, su correlación con el estado oral en el paciente diabético	Revista vasca de odontostomatología	Articulo	1995
¿es la retinopatía diabética un signo clínico que condiciona nuestros tratamientos dentales?	Anales de odontoestomatología	Articulo	1995
¿modifican los vasoconstrictores las glucemias en los pacientes diabéticos	Cuidados odontológicos especiales	Articulo	1995
Anti-dna antibodies and circulating immune complexes (c1q-igg) in recurrent aphthous stomatitis.	Bulletin du groupement international pour la recherche scientifique en stomatologie & odontologie	Articulo	1994
Estado bucal de una población hanseniana en españa. estado bucal y gustativo en leprosos.	Avances en odontoestomatologia	Articulo	1994
Estado bucal de una población hanseniana en españa	Fontilles: revista de leprologia	Articulo	1993
Titulación de receptores libres de interleukina-2 en sujetos afectados de enfermedad periodontal	Avances en periodoncia	Articulo	1993

	Título proyecto	Tipo	Inicio	Fin
1	¿tratamiento de pacientes con xerostomía inducida por fármacos¿. universidad de granada (otri)	Proyecto	6/17/10	10/11/12
2	Investigar la efectividad del ácido málico 1 %(xeros srpay,dentaid,barcelona, españa) en el tratamiento de pacientes con xerostomía inducida por fármacos, a solicitud de la empresa.	Contrato	6/1/10	12/31/11
3	Eficacia del ácido málico en el manejo de la xerostomía inducida por fármacos., determinación de mucinas salivares y capacidad buffer	Proyecto	1/1/11
