

FERMIN FERNÁNDEZ IBAÑEZ

Grupo de Investigación: DINÁMICA DE ORÓGENOS Y CUENCAS (Cod.: RNM376)

Departamento: Geomechanics International

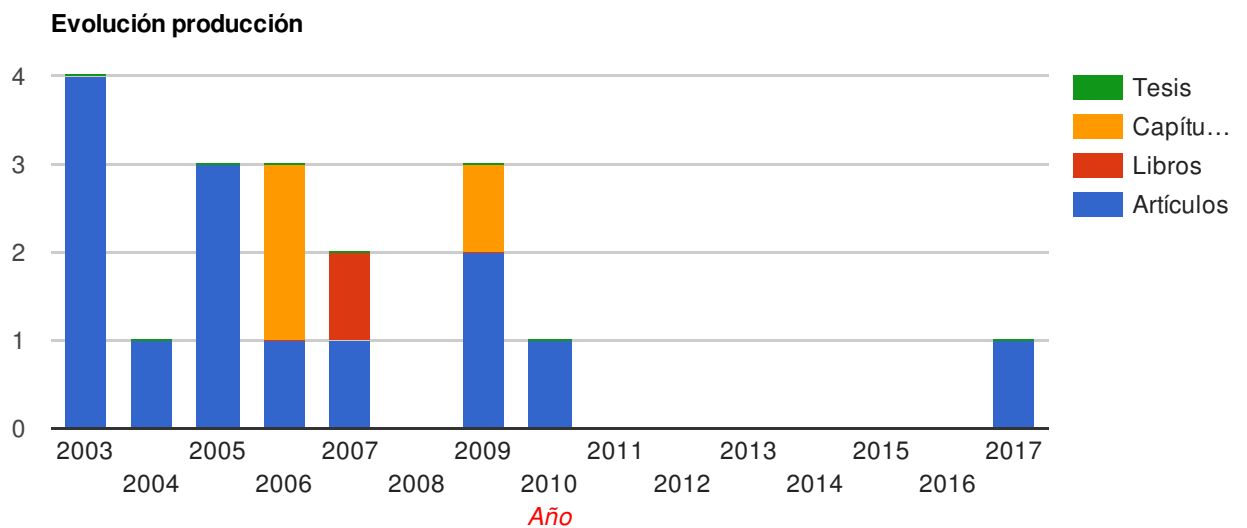

Código: 42935

Ficha del Directorio

Producción 18

Artículos (14) Libros (1) Capítulos de Libros (3) Tesis dirigidas (0)

Proyectos dirigidos 0

Proyectos (0) Contratos (0) Convenios (0)

Actividades 0

Título publicación	Fuente	Tipo	Fecha
Pore pressure and stress regime in a thick extensional basin with active shale diapirism (western mediterranean)	Aapg bulletin	Articulo	2017
Normal faulting driver by denudational isostatic rebound	Geology (boulder)	Articulo	2010
Maintaining wellbore stability in hostile environments: a geothermal case study from central australia	Australia-new zealand-png society of petroleum engineers news	Articulo	2009
Miocene shale tectonics in the northern alboran sea (western mediterranean)	Mobile shale basins	Capítulo de libro	2009
Modeling uncertainty in the permeability of stress-sensitive fractures	Australia-new zealand-png society of petroleum engineers news	Articulo	2009
A rapid, sensitive screening test for polycyclic aromatic hydrocarbons applied to antarctic water	Chemosphere	Articulo	2007
Geology of the western betics: a field trip guide for the alboran domain	Instituto andaluz de ciencias de la tierra (csic-univ. granada)	Libros	2007
Caracterización morfo-estructural del borde occidental de sierra de gádor	Geogaceta	Articulo	2006
Seismic interpretation and sidescan sonographs from the west alboran basin	Interdisciplinary geoscience studies of the gulf of cadiz and western mediterranean basins	Capítulo de libro	2006
The transition between the alboran and the balearic-algerian basins: seismic interpretation	Interdisciplinary geoscience studies of the gulf of cadiz and western mediterranean basins	Capítulo de libro	2006
Costa recta beach, deception island, west antarctica: a retreated scarp of a submarine fault?	Antarctic science	Articulo	2005
Plio-quaternary evolution of the west alboran basin (w mediterranean)	Eage (european association of geoscientists and engineers), extended abstracts	Articulo	2005
Profundidad de la transición dúctil-frágil en la corteza de béticas-rif y mar de alborán	Geogaceta	Articulo	2005
Deception island (antarctica) annual investigations reveal continuing seismicity and fumaroles	Bulletin of the global volcanism network	Articulo	2004
Mud volcanoes in the northern west alboran basin: airgun seismic and hull mounted profiles	Technical series. intergovernmental oceanographic commission	Articulo	2003
Mud volcanoes in the northern west alboran basin: sidescan sonar data	Technical series. intergovernmental oceanographic commission	Articulo	2003
Mud volcanoes in the southern west alboran basin: airgun seismic and hull mounted profiles	Technical series. intergovernmental oceanographic commission	Articulo	2003
Mud volcanoes in the southern west alboran basin: sidescan sonar data	Technical series. intergovernmental oceanographic commission	Articulo	2003
