

GUILLERMO ADOLFO MATARÁN PEÑARROCHA

Grupo de Investigación: FISIOTERAPIA Y ATENCIÓN PRIMARIA (Cod.: CTS526)

Departamento: Sistema Sanitario Público de Andalucía. Distrito de Atención Primaria Metropolitano de Granada

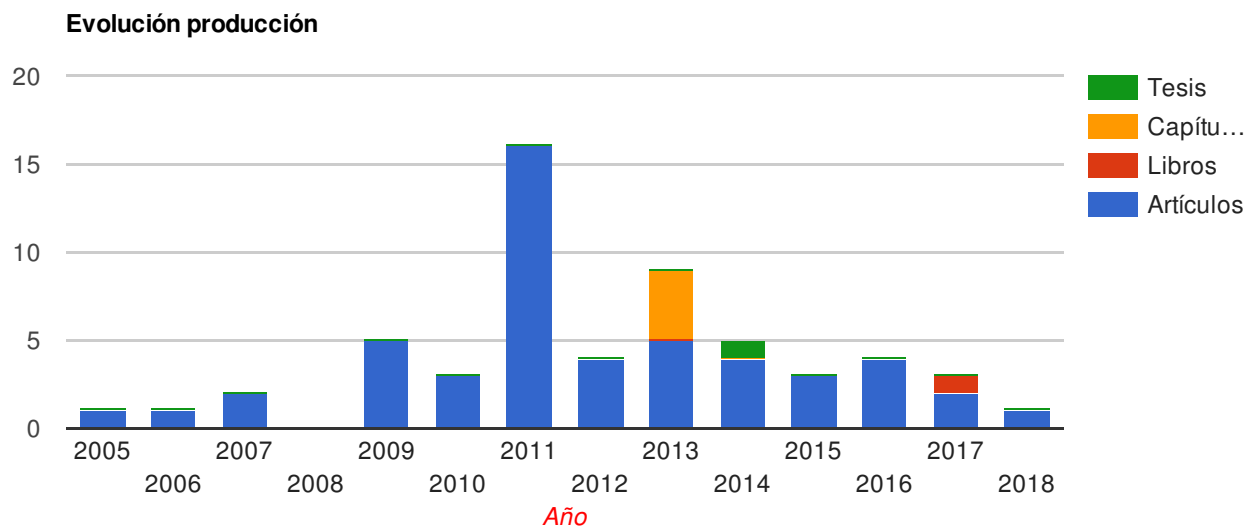

Código: 53159

Ficha del Directorio

Producción 57

Artículos (51) Libros (1) Capítulos de Libros (4) Tesis dirigidas (1)

Proyectos dirigidos 0

Proyectos (0) Contratos (0) Convenios (0)

Actividades 1

Titulo publicación	Fuente	Tipo	Fecha
Spanish validation of the exercise therapy burden questionnaire (etbq) for the assessment of barriers associated to doing physical therapy for the treatment of chronic illness	Medicina clínica	Articulo	2018
A preliminary randomized clinical trial on the effect of cervicothoracic manipulation plus supervised exercises vs a home exercise program for the treatment of shoulder impingement	Journal of chiropractic medicine	Articulo	2017
Effects of dry needling on spinal mobility and trigger points in patients with fibromyalgia syndrome	Pain physician	Articulo	2017
Investigación cualitativa y cuantitativa en ciencias de la salud	Editorial universidad de almería	Libros	2017
(ok) laser therapy and occlusal stabilization splint for temporomandibular disorders in patients with fibromyalgia syndrome: a randomized clinical trial.	Alternative therapies in health and medicine	Articulo	2016
Benefits of craniosacral therapy in patients with chronic low back pain: a randomized controlled trial.	Journal of alternative and complementary medicine	Articulo	2016
Benefits of craniosacral therapy in patients with chronic low back pain: a randomized controlled trial	Journal of alternative and complementary medicine	Articulo	2016
Short-term effects of spinal manipulative therapy and functional technique in patients with chronic non-specific low back pain: a randomized clinical trial.		Articulo	2016
Evaluation of pain associated with chronic venous insufficiency in spanish postmenopausal women	Menopause	Articulo	2015
Evaluation of pain associated with chronic venous insufficiency in spanish postmenopausal women	Menopause	Articulo	2015
Short-term effectiveness of spinal manipulative therapy versus functional technique in patients with chronic nonspecific low back pain: a pragmatic randomized controlled trial.	The spine journal	Articulo	2015
A randomized controlled trial of a mixed kinesio taping-compression technique on venous symptoms, pain, peripheral venous flow, clinical severity and overall health status in postmenopausal women with chronic venous insufficiency.		Articulo	2014
A randomized controlled trial of a mixed kinesio taping-compression technique on venous symptoms, pain, peripheral venous flow, clinical severity and overall health status in postmenopausal women with chronic venous insufficiency	Clinical rehabilitation	Articulo	2014
A randomized controlled trial of a mixed kinesio taping-compression technique on venous symptoms, pain, peripheral venous flow, clinical severity and overall health status in postmenopausal women with chronic venous insufficiency	Clinical rehabilitation	Articulo	2014
Abordaje de la lumbalgia crónica inespecífica mediante tres modalidades fisioterapéuticas: kinesio taping, electromasaje con corriente interferencial y terapia manipulativa.		Tesis doctoral	2014
Short-term effects of a manual therapy protocol on pain, physical function, quality of sleep, depression and pressure sensitivity in women and men with fibromyalgia syndrome: a randomized controlled trial.	Clinical journal of pain	Articulo	2014
Effect of music as nursing intervention for people diagnosed with fibromyalgia.	Pain management nursing	Articulo	2013
Effect of music as nursing intervention for people diagnosed with fibromyalgia.		Articulo	2013
Efecto de kinesio taping en el dolor de pacientes con iva	Nuevos restos en investigacion, docencia	Capítulo de libro	2013

	y clínica en ciencias de la salud	de libro	
Effectiveness of aquatic biodance on sleep quality, anxiety and other symptoms in patients with fibromyalgia	Medicina clínica	Artículo	2013
Effects of kinesio taping on venous symptoms, bioelectrical activity of the gastrocnemius muscle, range of ankle motion, and quality of life in postmenopausal women with chronic venous insufficiency: a randomized controlled trial.	Archives of physical medicine and rehabilitation	Artículo	2013
Sensibilización central al dolor en pacientes con ivo	Nuevos retos en investigación, docencia y clínica en ciencias de la salud	Capítulo de libro	2013
Short-term effects of interferential current electro-massage in adults with chronic non-specific low back pain: a randomized controlled trial	Clinical rehabilitation	Artículo	2013
Cine y versatilidad:aportación al contexto sanitario. y sociocultural para la adquisición de competencias en ciencias de la salud	Innovación docente y buenas prácticas en la universidad de granada	Capítulo de libro	2013
El dolor en la patología venosa está correlacionado con el grado de reflujo y artrosis	Nuevos retos en investigación, docencia y clínica en ciencias de la salud	Capítulo de libro	2013
Comparison between aquatic-biodanza and stretching for improving quality of life and pain in patients with fibromyalgia.	Atención primaria	Artículo	2012
Comparative study on the effectiveness of myofascial release manual therapy and physical therapy for venous insufficiency in postmenopausal women	Complementary therapies in medicine	Artículo	2012
Efectividad de la biodanza acuática sobre la calidad del sueño, la ansiedad y otros síntomas en pacientes con fibromialgia	Atención primaria	Artículo	2012
Hydrotherapy for the treatment of pain in people with multiple sclerosis: a randomized controlled trial	Evidence-based complementary and alternative medicine	Artículo	2012
A randomized controlled trial investigating the effects of craniosacraltherapy on pain and heart rate variability in fibromyalgia patients	Clinical rehabilitation	Artículo	2011
A randomized controlled trial investigating the effects of craniosacral therapy on pain and heart rate variability in fibromyalgia patients.	Clinical rehabilitation	Artículo	2011
A randomized controlled trial investigating the effects of craniosacral therapy on pain and heart rate variability in fibromyalgia patients.	Clinical rehabilitation	Artículo	2011
Benefits of cognitive behavior therapy and acupuncture therapy in obese patients:a randomized clinical trial.	Nutrición hospitalaria	Artículo	2011
Benefits of massage-myofascial release therapy on pain anxiety quality of sleep depression and quality of life in patients with fibromyalgia	Evidence-based complementary and alternative medicine	Artículo	2011
Benefits of massage-myofascial release therapy on pain, anxiety, quality of sleep, depression, and quality of life in patients with fibromyalgia.	Clinical rehabilitation	Artículo	2011
Benefits of starting rehabilitation within 24 hours of primary total knee arthroplasty:randomized clinical trial	Clinical rehabilitation	Artículo	2011
Benefits of massage-myofascial release therapy on pain, anxiety, quality of sleep, depression, and quality of life in patients with fibromyalgia.	Evidence-based complementary and alternative medicine	Artículo	2011
Connective tissue reflex massage for type 2 diabetic patients with peripheral arterial disease: randomized controlled trial	Evidence-based complementary and alternative medicine	Artículo	2011
Comparative study on the effectiveness of myofascial release manual therapy and physical therapy for venous insufficiency in postmenopausal	Complementary	Artículo	2011

therapy and physical therapy for venous insufficiency in postmenopausal women.	therapies in medicine	Articulo	2011
Effects of aerobic exercise program and relaxation techniques on anxiety, quality of sleep, depression, and quality of life in patients with fibromyalgia: randomized controlled trial.	Medicina clínica	Articulo	2011
Effects of tap water iontophoresis and psychological techniques on psychosocial aspects of primary palmar hyperhidrosis.	European journal of dermatology	Articulo	2011
Influence of craniosacral therapy on anxiety, depression and quality of life in patients with fibromyalgia doi:10.1093/ecam/nep125	Evidence-based complementary and alternative medicine	Articulo	2011
Preventing lymphoedema after breast cancer surgery by elastic restraint orthotic and manual lymphatic drainage: a randomized clinical trial.	Medicina clínica	Articulo	2011
Temporomandibular joint dysfunction, disability and oral health in a community-dwelling elderly population	Nutrición hospitalaria	Articulo	2011
Temporomandibular joint dysfunction, disability and oral health in a community-dwelling elderly population.	Nutrición hospitalaria	Articulo	2011
Ankle-brachial index in the detection of peripheral arterial disease in asymptomatic type 2 diabetic patients.	Medicina clínica	Articulo	2010
Efficacy of a massage and exercise programme on the ankle-brachial index and blood pressure in patient with diabetes type 2 and peripheral arterial disease: a randomized clinical trial	Medicina clínica	Articulo	2010
Efficacy of a massage and exercise programme on the ankle-brachial index and blood pressure in patients with diabetes mellitus type 2 and peripheral arterial disease: a randomized clinical trial.	Medicina clínica	Articulo	2010
Abordaje electroterápico en la enfermedad de raynaud: a propósito de un caso	Fisioterapia	Articulo	2009
Aspectos vasculares relacionados con el síndrome del tunel carpiano	Fisioterapia	Articulo	2009
Beneficios del ejercicio sobre la circulación arterial periférica en pacientes diabéticos tipo 2 con claudicación intermitente: serie de casos	Fisioterapia	Articulo	2009
Disminución de la presión arterial en pacientes con arteriopatía periférica mediante el masaje reflejo del tejido conjuntivo	Fisioterapia	Articulo	2009
Fisioterapia en el linfedema tras cáncer de mama y reconstrucción mamaria	Fisioterapia	Articulo	2009
Efectividad de dos modalidades fisioterapeúticas sobre el flujo arterial dérmico en los cinco dígitos del pie obtenido mediante fotopleetismografía	Fisioterapia	Articulo	2007
Segmental arterial flow measure in lower limbs by neumoplethysmography in healthy subjects after two intervention	Investigación clínica	Articulo	2007
Descriptive study of arterial circulation in lower extremities in patient with type 2 diabetes	Investigación clínica	Articulo	2006
Modifications ankle/braquial index by means of two physiotherapeutic modalities: bindegewebsmassage/sublesion al kinesitherapy	Revista iberoamericana de fisioterapia y kinesiología	Articulo	2005
