

NATALIA ALBEIN URIOS

Grupo de Investigación: NEUROPSICOLOGIA APLICADA A LA INFANCIA, ADULTOS Y MAYORES (Cod.: CTS581)

Departamento: Universidad de Granada. Personalidad, Evaluación y Tratamiento Psicológico

Código ORCID: <http://orcid.org/0000-0001-7841-018X>

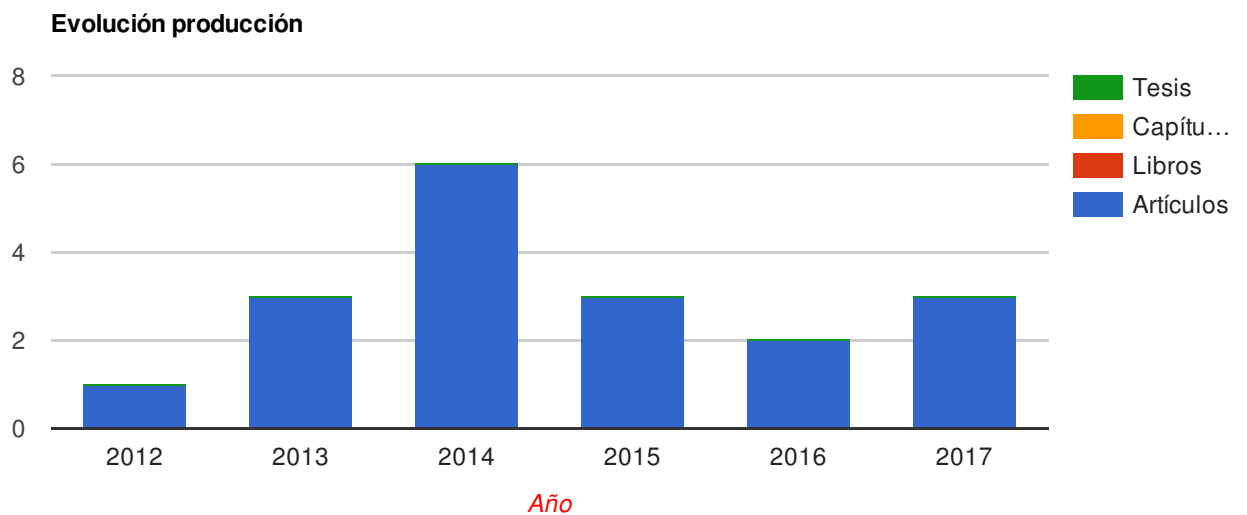

Código: 63057

Ficha del Directorio

Producción 18

Artículos (18) Libros (0) Capítulos de Libros (0) Tesis dirigidas (0)

Proyectos dirigidos 0

Proyectos (0) Contratos (0) Convenios (0)

Actividades 0

Título publicación	Fuente	Tipo	Fecha
Brain substrates of social decision-making in dual diagnosis: cocaine dependence and personality disorders	Addiction biology	Articulo	2017
Trait and neurobiological underpinnings of negative emotion regulation in gambling disorder	Addiction	Articulo	2017
Trait and neurobiological underpinnings of negative emotion regulation in gambling disorder	Addiction	Articulo	2017
Increased corticolimbic connectivity in cocaine dependence versus pathological gambling is associated with drug severity and emotion-related impulsivity	Addiction biology	Articulo	2016
Neural correlates of impaired self-awareness of apathy, disinhibition and dysexecutive deficits in cocaine dependent individuals.	Addiction biology	Articulo	2016
Cocaine specific neuroplasticity in the ventral striatum network is linked to delay discounting and drug relapse		Articulo	2015
Cocaine use severity and cerebellar gray matter are associated with reversal learning deficits in cocaine-dependent individuals.	Addiction biology	Articulo	2015
Neural substrates of cognitive flexibility in cocaine and gambling addictions	British journal of psychiatry	Articulo	2015
Aspectos diferenciales del riesgo de abandon al inicio del tratamiento de la adicción a la cocaine en pacientes con trastornos de la personalidad		Articulo	2014
Decision-making impairment predicts 3-month hair indexed cocaine relapse.	Psychopharmacology	Articulo	2014
Executive functions in cocaine-dependent patients with cluster b and cluster c personality disorders		Articulo	2014
Harm reduction behaviors among young polysubstance users at raves	Neuropsychology	Articulo	2014
Monetary delay discounting in gambling and cocaine dependence with personality comorbidities	Addictive behaviors	Articulo	2014
Re-appraisal of negative emotions in cocaine dependence: dysfunctional corticolimbic activation and connectivity	Addiction biology	Articulo	2014
Cocaine users with comorbid cluster b personality disorders show dysfunctional brain activation and connectivity in the emotional regulation networks during negative emotion maintenance and reappraisal	European neuropsychopharmacology	Articulo	2013
Frontal systems related symptoms in cocaine dependent patients with comorbid personality disorders	Psychopharmacology	Articulo	2013
Negative urgency, disinhibition and reduced temporal pole gray matter characterize the comorbidity of cocaine dependence and personality disorders	Drug and alcohol dependence	Articulo	2013
Effects of a multicomponent behavioral intervention on impulsivity and cognitive deficits in adolescents with excess weight	Behavioural pharmacology	Articulo	2012
