

REPARTO DE FINANCIACIÓN A GRUPOS DE INVESTIGACIÓN EN EL AÑO 2020

La Universidad de Granada ha procedido a realizar un reparto de financiación a los grupos de investigación con los fondos recibidos para este fin de la Junta de Andalucía en el año 2020.

Dado que no ha existido una nueva valoración de la producción de los grupos por parte de la DEVA, que fije los fondos a distribuir para cada uno de los grupos, los criterios de reparto establecidos por el Vicerrectorado de Investigación y Transferencia han sido los siguientes:

1. A los grupos que ya obtuvieron financiación en el año 2018 se les mantiene. No obstante, dado que el importe distribuible en esta anualidad es inferior, la financiación de 2020 supone un 94% de la que recibieron en 2018.
2. A los grupos que no tuvieron ayuda en 2018, pero que posteriormente han obtenido la evaluación específica por la DEVA, se les asigna una financiación equivalente a la recibida por los grupos de esa área de similar puntuación y número de doctores activos.
3. Se establece una financiación basal mínima de 150 euros por doctor activo a fecha 01/12/2020 en SICA. Esta financiación se concede a los grupos que no tuvieron ayuda en 2018 ni han obtenido la evaluación específica, pero figuran como válidos en SICA. También a aquellos grupos incluidos en los epígrafes anteriores cuya financiación resultaría inferior a este mínimo.

El procedimiento de ingreso en los grupos de investigación se ha realizado ya en la mayoría de los casos, quedando pendientes para las próximas semanas algunos grupos que no disponían de centro de gasto propio.

En total se han distribuido 2.440.000 euros entre 473 grupos de investigación.
