Vicerrectorado de
Investigación y Transferencia

MINISTERIO
DE CIENCIA, INNOVACIÓN
Y UNIVERSIDADES

AGENCIA
ESTATAL DE
INVESTIGACIÓN

Criterion 1. Candidate's academic and/or scientific-technical track record

1.a): Scientific-technical contributions (up to 45 points)

- Academic record (up to 35 points): A scale for the weighted average grade of the degree will be applied.
- Scientific and technical production (up to 10 points)
 - Publication in indexed journal (JCR, Scopus) → 3 points each (maximum 6 points)
 - Communications in international congress → 1 point each (maximum 4 points)

1.b): Mobility and internationalization (up to 5 points)

- International research stay ≥ 3 months in a prestigious center or having completed the master's degree in a prestigious international center → up to 5 points.
- National research stay ≥ 3 months in prestigious center → up to 3 points if the stay has been carried out during the master's studies, otherwise up to 2 points.
- Other national or international stays (e. ERASMUS, SICUE, ...) ≥ 2 months → up to 2 points

Criterion 2. Adequacy of the candidate to the research activities to be carried out

2.Adequacy of the candidate's training to the line (up to 50 points)

The relationship between the previous training and the research activities to be developed will be evaluated:

2.1. Adequacy of the candidate's training to the line (up to 30 points)

- Degree of those included in the recommended profile → 10 points
- Master's degree of those included in the recommended profile → 15 points
- Level of English (B2 or higher, accredited) → 5 points

2.2. Relevant previous experience (up to 20 points).

Previous experience in research related to the line will be considered:

- Experience in research projects: 6 points each → up to 12 points
- Experience in internships or research grants: 4 points each → up to 8 points.
